Report on Health Camp at Gudi Mamidipalle

January 27, 2019

Health Camp January 27, 2019

As part of University ethos on promoting health and wellbeing, SIBM-H organized a health camp for the villages in and around the campus on Jan 27. Through the camp, awareness on various issues of health and hygiene was created along with general medical checkup. People from around four villages took part in the health camp.

District Medical Health officer of Community Health Centre, Shadnagar, Telangana region, Dr. Riddhi Rani, Faculty Member of SIBM-H along with Col. (Dr) Jayaylakshmi N, accompanied by twenty odd students visited the village to identify the place for conducting the activity. Later students also visited some 200 families on January 26, 2019 and shared the information of the health camp, it's purpose, benefits and the venue. All the classrooms, teachers block and annexures were thoroughly cleaned a day before the health camp.

The camp started off with the Chief Guest: Dr. Chandu Nayak – Deputy District, Medical and Health Officer inaugurating the health camp. Dr. K P Venugopala Rao - Deputy Director, SIBM-H was the Guest of Honour.

A Medical team comprising of physicians and specialist was part of the Health Camp along with Pharmacists and Lab Technicians. After the villagers were examined, they were provided with refreshments and Sanitary Napkins were distributed to the women participants were given.

Over 20 students from both the clubs-women development Cell and Individual Social Responsibility and SCOPE actively facilitated the Health camp. The students and volunteers were very excited to be part of this activity and they realized how important it is to be socially conscious citizens apart from being excellent managers.
