## *A Foreign Affair that Founded Symbiosis*

The journey of a thousand miles begins with a single step. But, it is the first step that involves deliberation and much hesitation. The Symbiosis journey however began with a surge of enthusiasm spurred on by an incident that, in itself, makes a poignant tale.

“It was an afternoon on a hot day. I was standing near the window of my house overlooking the first hostel block, of which I was the rector. A strange thing happened. A girl walked up to the window of the boys’ hostel room, quickly handed over something and disappeared. My curiosity was aroused and I kept watching the girl walking up to the window day after day and suspected, like any other rector would, that an affair was afoot. So one day, I made up my mind and walked up to the door and knocked. When the door opened, I saw a Mauritian student lying in bed. His face was pale and his eyes seemed to have sunken low. I was puzzled.” “When I turned to the boy for an explanation, he said, ‘ Sir, I have an attack of jaundice & I’m feeling extremely weak. I cannot stand up, nor walk a few steps. A girl from my country brings me food. However, since ladies are not allowed to enter the boys’ hostel, she hands over the tiffin box through the window.’ I was stunned. After all, it wasn’t the type of ‘affair’ I had expected. I was very much pained & decided something had to be done about this. That was the instance, the golden moment that Symbiosis was born. “Symbiosis is a term in life science, meaning ‘living together of two different organisms, for the benefit of each other’. Dr. Mujumdar, himself a professor of botany, thought this name apt for the institution. Thus the institution was founded to alleviate the problems faced by foreign students coming to India. At the time, these problems included - accommodation, meals, medical care, guidance, coaching, information about the city, etc.

Symbiosis has come a long way since then. Today it is home to students from more than 80 different countries. These students are offered the best learning resources, industry exposure, a strong international students’ alumni network, a global recognition, and above all, a truly enriching Indian experience.

## *Message by Chancellor*

I extend a warm welcome to all of you as you join the Symbiosis family. The University is part of the larger Symbiosis family, which is built on the core ideals of Vasudhaiva Kutumbakam - the world is one family.

You will find a wealth of opportunities as you begin your journey of higher education, which is about academics, of course, but also a lot more. It is our goal that we succeed in shaping our students to be responsible members of the global citizenry. Symbiosis is appreciative of the enormous responsibility that befalls higher education institutions. I encourage you to avail of all the wonderful teaching-learning and research possibilities that are offered. We, at Symbiosis, believe that play belongs to education as much as studies; therefore, we offer a whole range of first-rate choices that contribute to personal capacity building, such as those in career enhancement, extracurricular activities and recreational facilities.

You will find wonderful prospects to share this journey with students from over eighty-five countries and from all over India. We also pride on having with us an amazing pool of talent in our teaching staff, many of whom are noted academics, with substantial international experience. All in all, the educational experience at Symbiosis is designed to be wholesome and one that is authentically international. I hope that your experience at Symbiosis will afford you the opportunities to apply your talents and inspirations to the best use.

May God bless you!

**Prof. Dr. S. B. Mujumdar**  
Chancellor

## *Message by Pro Chancellor*

Symbiosis is a name to be reckoned with for its excellence in teaching, research, and service to local and national communities. The University strongly believes in inter-disciplinary studies, interactive learning and educating and training stakeholders to work in fields where they will be valued not only for the knowledge they have gained but also for their expertise to communicate, implement their skills to do research and solve problems.

The innovative, forward-thinking approach of the Management, academia and the administrative staff ensures a conducive environment for nurturing young minds and towards a holistic development of the stakeholders. We equip graduates with the right career-preparedness skills to succeed as members of the global workforce. Our effort is to strengthen the academia -industry interface which we believe is the cornerstone of the job readiness portfolio of our students. Similarly, to extend support and nurture ideas of the students to establish an enterprise, the University has set up Incubation Centre for entrepreneurship development activities.

True to its motto of “Vasudhaiva Kutumbakam” – world is one family, Symbiosis has a unique distinction of hosting students from across 85 countries and states from all over India. The University values that the students and the faculty are exposed to different cultures, pedagogies, so vital to enhance the teaching and learning process and to equip the students with the right skills to be global citizens and work in multicultural teams and solve global issues. With this aim in mind the University has designed scholarships and procedures to ensure that this becomes a reality and sends students to study for short term at its international partners.

University also believes in community engagement and inculcating the right morals, values, ethics in the young minds so that they become responsible citizens.

Welcome to the world of Symbiosis - On behalf of the University I wish you every success with your studies and hope you enjoy your time with us.

**Dr. Vidya Yeravdekar**  
Pro Chancellor

## *Message by Vice Chancellor*

I am delighted to welcome you to Symbiosis International (Deemed University). It is this University's commitment to serve you in your journey of higher education. In the service of this goal, we have taken every step to present you with the most progressive academic choices at the undergraduate, postgraduate, and doctoral levels instreams as wide-ranging as law, management, engineering, media and communication, humanities and social sciences, computer studies, and health sciences. The University campuses in Pune, Nashik, Bengaluru, NOIDA, and Hyderabad, are amongst some of the most impressive campuses you will find in India and elsewhere. As proud as we are of our focus on academics, we believe that there is a lot more that goes into making for a wholesome educational experience. There is a whole gamut of extra-curricular and recreational amenities.

This institution believes in providing a deeply transformative experience to its students challenging them to discover and define their purpose - intellectually, socially, and personally—that will prepare them for a life of citizenship and leadership. Symbiosis till date has nurtured many achievers and leaders who have made their mark in varied industries as CEOs, CFOs, Business leaders, Entrepreneurs, Legal Experts, Scholars and Teachers across the globe.

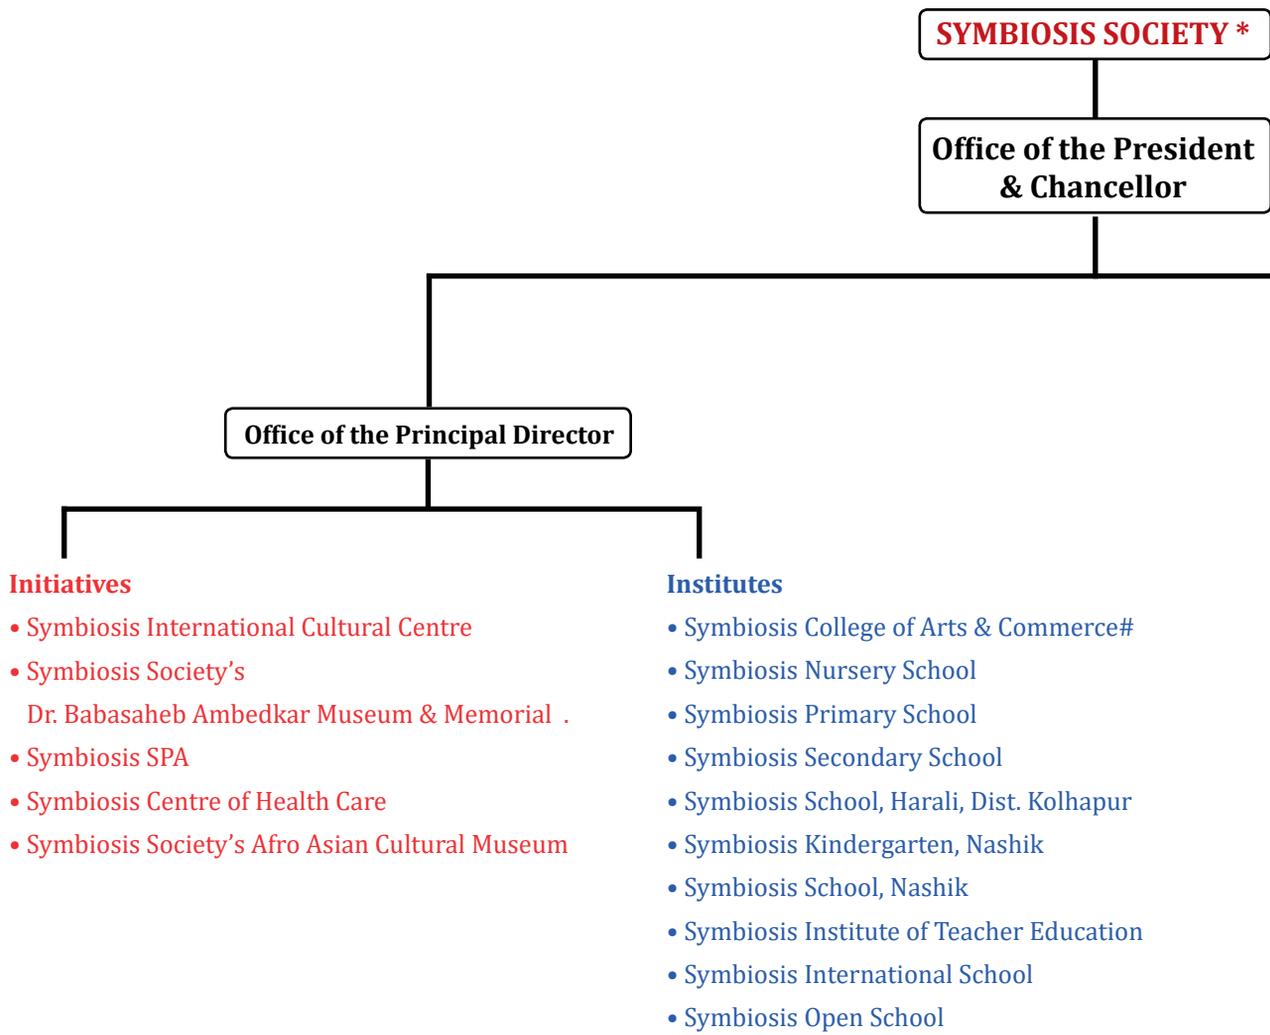

The teaching-learning processes at the University are forward-looking and student-centric. Our programmes develop deep knowledge, conceptual understanding and higher-order thinking skills, to prepare students for their future. We encourage teaching practice that engages students in their own learning, and we support our programmes with high-quality resources. Many of our teachers are internationally renowned experts and scholars. We believe that research is at the pinnacle of academic excellence, and in view of this, we have a department dedicated to promoting research capabilities amongst staff and students.

The idea of internationalization is truly embedded into this institution and we are proud of the strong presence of international students from as many as eighty - five countries in our University. Internationalization also means that we set our standards of academic excellence and differentiation at the international level, and no less. We achieve this mainly by bringing in international advances into our pedagogical practices and instructional technology, and by initiating collaborations with foreign universities. Symbiosis, thus, is a home to a community of scholars and students enriched with diverse perspectives.

That being said, all the opportunities at the University are only as good as what you do with them. I encourage you to put your best efforts into reaping all that you can during your time here. We consider ourselves custodians of the trust that you have placed in us as you take on your journey of higher education.

I wish you all the best!

**Dr. Rajani Gupte**  
Vice Chancellor

# The University

Prof Dr. S. B. Mujumdar established Symbiosis in 1971 on the principles of the Vedic thought of “Vasudhaiva Kuttumbakam”, i.e. the world is one family. With changes sweeping across India’s higher education scenario, Symbiosis International (Deemed University) established need based Constituent Institutes / Departments across the seven faculties of Law, Management, Computer Studies, Health & Biological Sciences, Media, Communication & Design, Humanities & Social Sciences and Engineering.

Due to the excellence and quality of education imparted by Symbiosis institutes, the Ministry of Human Resource Development, Govt. of India conferred the ‘Deemed to be University’ status on Symbiosis in 2002.

Today, the University is ranked amongst the topmost Universities in India. The University has been awarded Category I by University Grants Commission (UGC) and National Institutional Ranking Framework (NIRF) 2018 has ranked Symbiosis International University 44th amongst the top 100 Universities in the country. Symbiosis International (Deemed University) is also ranked 144 In BRICS Ranking and 247 amongst the top 250 universities in Asia by QS World University ranking agencies.

Symbiosis International (Deemed University) Ranked No. 1 in the country in the SWACHH CAMPUS RANKINGS 2018.

The University has 32 Institutes / Departments distributed in campuses at Pune, Nasik, Bengaluru, NOIDA and Hyderabad. The establishment of every institute of Symbiosis has some history. Some institutes were established for a certain cause and some out of the needs of the industry and society at large. Every institute has created its own identity and has become a choice for students wanting to pursue higher education. Symbiosis has a rich heritage of cutting-edge innovation and enterprise, and of quality through pursuit of Educational excellence. The University offers various programmes at Doctoral, Postgraduate, Under graduate and Diploma levels under the faculties of Law, Management, Computer Studies, Health and Biomedical Sciences, Media, Communication and Design, Humanities and Social Sciences and Engineering. Access to several learning resources via the library, availability of housing facilities on several campuses, scholarship programmes to promote academic excellence, a health centre to promote

Preventive and Curative care and events organised by the University Sports Board have facilitated well rounded overall development of students.

Symbiosis International (Deemed University) Ranked No. 1 in the country in the SWACHH CAMPUS RANKINGS 2018

Cutting edge technologies, smart classrooms and modern infrastructure positively impact the delivery of world class education. Diversity in the classroom and faculty rooms, service learning projects, internships and value added activities lead to a more holistic development of students.

The University has academic collaborations with reputed foreign universities like Nanyang Technological University in Singapore, University of Houston in USA, Berlin School of Economics and Law in Germany and others. The Symbiosis Centre for International Education (SCIE) promotes internationalization and invites international students to the University for a Semester Abroad Programme. The University is actively involved with student and faculty exchange programmes and has also introduced the Scholar-in-Residence Programme. SCIE conducts intensive ‘Study India’ programme for the benefit of international students from over 85 countries that study here. A variety of activities are organised where international students of Pune city are able to meet on a common platform and display their many talents.

Health and wellness are vital issues relevant to the academic success of students at Symbiosis. Symbiosis Centre of Health Care (SCHC), the in houses health care centre for the entire Symbiosis family makes conscientious efforts for the overall development of its staff & students by providing preventive, curative and health promotion programs to enhance optimal health, reduce risk of disease and injury and promote healthy lifestyle choices.

In addition to this, Symbiosis Centre for Research and Innovation (SCRI) at the University is promoting high quality research and encouraging the faculty to undertake more research activities.

In tune with Institutional Social Responsibility (ISR), students of various Institutes of the University have been providing education and some related resources like school fees, uniforms and books to the underprivileged children around their campuses.

The University has the following Professor Emeritus and Chair Professors in various Faculties:

## **SYMBIOSIS CENTRE FOR RESEARCH AND INNOVATION (SCRI) :**

Symbiosis Centre for Research and Innovation (SCRI) was established in 2009 with an objective of achieving high standards of research at SIU that result into quality contribution to the knowledgebase of the disciplines of Law, Management, Computer Studies, Health and Biomedical Sciences, Media, Communication and Design, Humanities and Social Sciences and Engineering.

SCRI acknowledges that the role of a University is to stay connected with the community by the way of understanding its major issues and problems and to suggest means to resolve them. Universities are expected to make meaningful contributions to the dialogue around the development of policies that impact the society. SCRI is a facilitator to the research journey of the academic fraternity of SIU. The department provides intellectual, academic and administrative support to the research endeavours of the members of the Faculties and students of SIU.

SCRI offers SIU's Ph.D. Programme, Doctoral Fellowships, Research Funding and support for Collaboration and Publication to the researchers at SIU. The department is a nodal unit for enabling the research activities of SIU fraternity. Continuous improvement in quality of research at SIU is facilitated by the University's research collaboration with the organizations such as Indian Council for Medical Research (ICMR), Larsen and Toubro Ltd., Society for Development Studies, Lupin Research Park, Chest Research Foundation, Serum Institute of India Ltd., KEM Hospital Research Centre and many more.

The collective research experience at SCRI has supported the scholarship of the Faculty members of SIU in terms of attracting prestigious research grants from the Government (such as DST-SERB, DBT, NABARD, ICSSR) and Non-Government agencies (such as ABTL, HUVE pharma, IBM, TCS) in addition to the internal funds provided for research to the Faculty and students by SIU. Every year, SCRI holds "SIU Anveshan Student Research Convention", for showcasing students' research projects from which the selected teams are sent to regional and further to national level convention organized by the Association of Indian Universities. SIU is empanelled research agency for conducting evaluation studies for the Government of Maharashtra. Doctoral research of SIU's 500+ Ph.D. Scholars in different disciplines is facilitated by SCRI.

With commitment, focus and determination, SCRI is tirelessly contributing to the enhancement of research activities at SIU and strengthening its culture of good quality research.

### **Main focus of SCRI**

- To develop institutional research agenda and to formulate policies to reflect a conscious effort for creating a congenial and scholarly climate that nurtures the quality research culture in the University.
- To establish the minimum standards for research activities at SIU that leads to good quality contribution to the existing knowledge.
- To build research capacity and mentor the researchers to translate their effort into high quality research outcome.
- To set up a systematic procedure for administration of research programmes.
- To facilitate the research endeavours of the researchers at SIU.

### **SYMBIOSIS CENTRE FOR NANOSCIENCE AND NANOTECHNOLOGY (SCNN):**

Symbiosis Centre for Nanoscience and Nanotechnology has been recently established keeping in mind that Nanoscience and Nanotechnology will fundamentally transform science, technology, and society in the future. The Centre envisions promoting basic and applied research in the fields of Nanoscience and Nanotechnology, with potential applications towards fulfilling national strategic needs. The main research focus of the Centre includes Synthesis advanced functional nano-materials, Fabrication of nano-micro devices, & Multidisciplinary applications in field of Energy, Environment and Biomedical. The objectives of the Centre include opportunities for international exchange of scientists and students, and make collaborative arrangements; to conduct seminars / workshops / conferences/extension lectures to promote Nanoscience & Nanotechnology; establish joint collaborative programs with the up-coming industries in the field of Nanotechnology and promote interdisciplinary/ multidisciplinary scientific research.

### **SYMBIOSIS CENTRE FOR STEM CELL RESEARCH (SCSCR):**

The centre is unique, as it is the only research centre in Pune that will perform research exclusively on stem cells. Research in Experimental Hematology at a cellular and molecular level will be carried out with respect to aging of stem cells, microenvironment –mediated regulation of hematopoietic stem cells, leukemia/lymphoma biology, development of 3D cultures, mesenchymal stem cell biology with special focus on exosomes and micro-vesicles and signal transduction. Department of Biotechnology (DBT), Ministry of Science & Technology, Government of India has identified Stem Cell Research as one of the most exciting fields of life science in view of its potential clinical applications. With this understanding Symbiosis Centre for Stem Cell Research will serve in strengthening research in one of the targeted areas as identified by DBT's Medical Biotechnology programme.

### **SYMBIOSIS CENTRE FOR BEHAVIOURAL STUDIES (SCBS):**

Keeping in mind that experimental research methods have a rich academic tradition both in psychology and marketing, Symbiosis Centre for Behavioural Studies has been established with aim to conduct experimental research in order to publish quality research papers in reputed journals. Its allied agenda of providing consultancy to organizations has also been kept in mind while marshaling the centre amongst industry and academia.

### **SYMBIOSIS CENTRE FOR WASTE RESOURCE MANAGEMENT (SCWRM):**

Symbiosis International University (SIU), Pune has established a centre called "Symbiosis Centre for Waste Resource Management (SCWRM)" with an objective to develop Centre of Excellence in Waste Management Practices to achieve Swachh Bharat mission by implementing the measures. The centre is currently conducting (i) awareness and training programmes for environmental sustainability and (ii) research in broad areas viz. (a) Biogas & Biocomposting; (b) Solid waste management and (c) waste water management. The centre also works towards developing academic curriculum for undergraduate and post graduate levels.

The centre is committed to advancement of knowledge in the field of sustainable waste management for the benefit of the society and environment at large. The Centre also has the capacity to develop insights in diverse sectors of industry, economy and society which will deal with the waste generation and its management. Furthermore, SCWRM will be committed to interdisciplinary approach to build awareness and seek to identify, analyze and implement key issues and challenges to waste management and sustainability involving all levels of stakeholder's viz. Government, statutory bodies, policy makers, corporates, academia, research institutes, civil society and many others. Currently, the SCWRM has coordinated projects with Pune Municipal Corporation (PMC) on diverse aspects of municipal waste management viz. Environmental Impact Assessment (EIA) and efficiency of biogas plants in PMC region; training and awareness; etc. The centre has successfully implemented a DRDE funded project on "mobile toilets" during Kumbhamela in 2016 at Nashik. The centre has also initiated international collaborations with University College London to work on Health, education, environment and engineering (HEEE) in urban and rural areas in and around Pune.

### **SYMBIOSIS TEACHING LEARNING RESOURCE CENTRE (STLRC):**

The Symbiosis Teaching Learning Resource Centre (STLRC) of the University is a department which works dedicatedly for the professional and personal development of the faculty members. Its aim is to act as catalyst to inspire and mentor the faculty in their roles as teachers, researchers and more so as educational parents. STLRC strives to complement the academic mission of the University by improving the teaching effectiveness and enhancing research ability of the faculty. The prime agenda of the centre includes taking care of all the faculty development initiatives that advance educational excellence. The centre provides opportunities to faculty members to contribute innovatively in the field of training, which in turn gets reflected in their teaching and thus the students' achievements. The spectrum of programmes offered by STLRC includes workshops, seminars, focused group discussions, panel discussions and others. STLRC has a rich repository of resource people of both international and national repute in the chosen fields of study. Research, Innovations in Teaching - Learning, Integrity and the use of Technology remain the driving forces of STLRC, and attaining excellence is the ultimate goal.

## Learning Resources:

### Library:

Symbiosis International (Deemed University) is one of the country's Premier University and an educational hub of 32 institutions spread over different campus, imparting quality higher education in different areas like Management, Information Technology, Bio-Medical science, Engineering, Liberal Art, Health science and legal education.

All these institutions are having their own library, serving and catering to the need of students, faculty members, as a creative and innovative partner for supporting teaching, learning, scholarship and research activities of the University.

With the changing scenario e- resources are emerging rapidly and these libraries are well equipped with the state of art facilities to adapt these new technologies. The university has started several unique initiatives run by different departments and support departments under the aegis of Symbiosis International University. The Symbiosis Teaching Learning Resource Centre (STLRC) for the purpose of addressing the teaching and learning requirements of its faculty, Symbiosis Centre for Research and Innovation (SCRI) for promoting research, Symbiosis Centre for Corporate Education (SCCE) for conduct of Corporate Education Programmes (CEPs) and Management Development Programmes (MDPs) exclusively for corporate organisations, Symbiosis Centre for Entrepreneurship and Innovation (SCEI) for promoting entrepreneurship and innovation, the Symbiosis Centre for Waste Resource Management (SCWRM) for promoting sustainability efforts and Symbiosis Community Outreach Programme and Extension (SCOPE) for driving community initiatives.

## Symbiosis Centre for International Education (SCIE)

The Symbiosis Centre for International Education (SCIE) is an integral part of the University, providing leadership and support to internationalize the campus and the curricula. International students from over 85 countries pursue their undergraduate and postgraduate studies at Symbiosis. Students and faculty are provided with opportunities to pursue their international academic interests to the fullest, be it through academic exchanges, or exposure to international conferences, seminars, workshops and other resources.

Internationalization at Symbiosis works on multiple tracks, for which the Symbiosis Centre for International Education has three departments:

- International Student Admissions & Student Events
- International Initiatives and Collaborations
- International Promotions and International Student Relations

### International Student Admissions & Student Events

**International Students' Admissions:** Admissions of international students are centralized for all the constituent institutes of Symbiosis International (Deemed University) and routed through the SCIE. The procedure for applying for admissions at SCIE is designed taking into consideration the requirements and difficulties faced by international students. The online admission procedure has made it accessible to each and every student to apply from different parts of the world and in the comfort of their homes. The student needs to come to India only when the applicant is shortlisted for a particular program chosen by the student. Software has been tailor-made to suit the admission procedure. The admission procedure is simplified in easy steps starting from the basic eligibility, checking of important documents to be submitted until the final payment, and confirming the admission. Through the system of online admissions, students are also able to make all their payments online and check the admission status online.

**International Student Events:** Apart from all admission related activities, SCIE organizes a variety of activities where international students of Pune city are able to meet on a common platform and display their many talents. As a part of enriching students' international experience, SCIE organizes the International Food Festival, the Flag Hoisting Ceremony, NGO visits, Blood Donation Camps, Tree Plantation ceremonies, Iftar Party, Christmas Party, Diwali Party, Dance

Competitions and Sports activities like football tournaments and many more.

SCIE also organizes the International Students' Convocation Ceremony. The convocation ceremony is an important landmark in a student's life. It is normally organized by universities in India during the month of December. But since most foreign students have already left India by this time, they are deprived of this wonderful memory. SCIE aims to fulfill a students' dream of walking down the aisle with a robe and cap by organizing the International Students Convocation Ceremony.

SCIE is assisted in such activities by the International Students' Council. The International Students' Council is an elected body for the smooth functioning of the activities and events of international students.

### International Initiatives and Collaborations

At Symbiosis International (Deemed University), our every endeavor is to look at ways to promote international understanding through quality education. The university believes that internationalisation imparts broadened knowledge and understanding of other nations, cultures, and global issues for students, strengthens research and knowledge production, the diversify of faculty and staff assists in bringing innovative pedagogies and enhances the teaching learning process. To achieve these objections the university has international collaborations across the globe and framed policies for encouraging student and faculty mobility and designed programs for increasing and ensuring sustainability.

### Student Programs:

**Study India Programme:** SCIE offers two to four weeks customized program imparting international students an unparalleled opportunity to experience a combination of academic content and cultural activities. This program is designed to give the students understanding of the socio-economic, cultural, political, technological aspects of India. The program also includes visits to NGO's, Cultural heritage sites.

**Global Immersion Programme:** Under this initiative students from Symbiosis get an opportunity to experience semester abroad, Semester Exchange program, attend Summer School and undertake short term internships. The university accepts the credits earned by students who undertake these programs.

Symbiosis encourages the collaborating universities to

send their students for a semester at any of its institutes and transfers the credits earned by these students. The students have the flexibility to choose courses across disciplines.

### Faculty Programs:

**Scholar-In-Residence:** This program was developed to share best academic practices, developing in house global competencies and international links. Through this program international faculty is encouraged to visit Symbiosis on short/long term engagement. The main activities envisaged are to conduct guest lecturers / workshops / Symposia, teaching, reviewing and internationalizing the curriculum, conducting faculty development programs /seminar, conceptualizing, contributing and editing research journals, joint paper presentations in international conferences.

**Distinguished Visiting Professor:** This is an initiative taken to attract distinguished academicians/ personalities to Symbiosis International (Deemed University) for short term period to teach courses in their area of expertise, conducting special course / expert workshops, developing grant projects.

**Faculty Exchange:** SIU is actively involved in sending Faculty to foreign Universities on short term. This encourages the faculty to get an opportunity to teach at international partners. The faculty gets an opportunity to learn new methods of teaching, conducting joint research with faculty having similar research interests and imparting knowledge to the international students while focusing on the Indian or comparative perspectives.

**Lecture Series:** SCIE organizes lectures by eminent faculties of International repute at different institutes of Symbiosis.

### International Promotions and International Student Relations:

**International Promotions:** This department has the dual goal of ensuring student comfort while at Symbiosis International (Deemed University) and also communicating with foreign students in their home countries. SCIE has undertaken the exercise of planning promotional campaigns in Africa and Asia. This includes participating in Educational Exhibitions / fairs and also visiting schools and educational counsellors.

**International Student Relations:** Understanding the importance of ensuring a fulfilling experience, both academic and social, this department will focus totally on assisting foreign students to adapt to their new home. The students are encouraged to contact this department when faced with problems – academic, administrative, and even issues that are not directly related to the University, such as dealing with formalities at the Foreigners' Registration Office (FRO).

We have "buddy" system, which refers to the practice of assigning a mentor to each international student. The "buddy" will be a domestic Indian student, who is familiar with the city of Pune. The "buddy" will be encouraged to help the student overcome challenges big and small –

that are related to the institute and the University, as well as everyday problems related to settling down in India.

The department will conduct periodic meetings with international students in their individual institutes. The informal meetings are aimed at providing an opportunity to the students to share their experiences, both good and bad, giving an opportunity to solve these by initiating changes either in policy or regular activities.

#### Foreigners' Registration

Every foreigner coming to India must have a valid Passport and Visa to enter and to continue his /her stay in India.

#### The foreigner should always carry identification documents, namely:

1. Passport with an endorsed visa
2. Certificate of Residence issued by the concerned Police Station
3. Residential Permit issued by FRRO/FRO

The foreigner is under obligation to produce the above documents to any Police Officer on demand for inspection.

Foreigners entering India on a long term visa i.e. for a period more than 180 days, on a Student Visa, Employment Visa, Research Visa, Medical Visa and Missionary Visa are required to get themselves registered within 14 days of their arrival with the concerned FRRO/FRO. Students arriving on short term Provisional Student Visa (Valid for 180 days or less) must also register and confirm their admission within the stipulated visa period to avoid deportation. Upon confirmation of admissions, the students on short term Provisional Student Visa should approach the concerned FRRO/FRO for registration and extension.

The above rules will not be applicable to Pakistani, Bangladeshi and Afghani nationals.

- Pakistani Nationals must report within 24 hours of their arrival
- Afghan Nationals must report within 7 days of their arrival
- Bangladesh Nationals on Student Visa must report within 7 days of their arrival, and within 24 hours of their arrival for other visas

## SUPPORT DEPARTMENTS

### SYMBIOSIS CENTRE FOR CORPORATE EDUCATION (SCCE):

The Symbiosis Centre for Corporate Education (SCCE) understands business and is equipped with the right resources, knowledge of skills and tools required to train executives to face challenges and meet opportunities at the workplace across various sectors like, IT, FMCG, Manufacturing, Telecom, Logistics, BPO, KPO, and Services Industries. SCCE is dedicated to the task of partnering with organizations desirous of providing facilities and a chance to their employees to enrich their careers. SCCE is aware that organizations are relying on their own employees to take up new roles in the same organization to move ahead. To upgrade their work capacities to the required expertise, 'training and development' are key words.

Symbiosis Centre for Corporate Education (SCCE) under the Symbiosis International University offers various formal education programs with different specializations as well as short term programs like 'Finance For Non Finance Professionals', 'Leadership Modules', 'Project Management', 'Cross Cultural Communication' to the corporate fraternity. These programs can be offered at the client site as well as in-house. SCCE prides itself on having in its team a panel of distinguished faculty who are recognized as authorities in their field of study.

SCCE has been conducting programs for more than a decade for various corporate clients like Wipro Corporation, Godrej Group of Companies, Deutsche Bank, Tata Group, BMC Software, Tyco Electronics, Thermax Ltd, Avaya India, McDonalds India, Mahindra & Mahindra, eClerx, Amdocs Development Center Ltd, WNS Global Services, Mphasis, Zensar Technologies and many more. Symbiosis has also entered the global market by offering long term programs to organizations in the Middle East.

### SYMBIOSIS CENTRE FOR HEALTH SKILLS (SCHS):

The border line is often blurred between the work of health professionals and service providers and the work of partners who are outside the health sector. Therefore, specialist health care and community services training helps to meet industry skills gaps and improve the lives of people in healthcare to make a difference.

Symbiosis Centre for Health Skills was established with the following objectives:

To provide high-tech simulated and virtually created hospital set-up for teaching and training & assessment for all health care professionals in clinical and related management skills (including communication skills).

To ensure delivery of high quality healthcare services to the community by providing highly competent and safe practitioners trained and tested by simulation techniques.

To offer academic programmes on Health Skill already launched

Academics programmes are launched in Health Skills

### SYMBIOSIS CENTRE FOR INTERNATIONAL EDUCATION (SCIE):

The University is one of the few universities in India to have a dedicated office, the Symbiosis Centre for International Education (SCIE), to take care of and foster internationalisation. It has been created to cater to the needs of international students and international collaborations. SCIE promotes linkages with international universities for joint research, student and faculty exchange, scholars in residence programmes, etc. Cultural programmes and a special graduation ceremony are also organised for foreign students.

## **SYMBIOSIS CENTRE FOR ENTREPRENEURSHIP AND INNOVATION (SCEI):**

Government has declared 2010-20 as 'India's Decade of Innovation' and the industry is increasingly expecting its employees to have an entrepreneurial mindset. In addition, there is also an increase in the number of management graduates eventually taking the entrepreneurial plunge. It is becoming increasingly clear that managers who can conceive and execute innovative projects that add to the organisations' top and bottom lines will only be put in the leadership pipeline.

The Symbiosis Centre for Entrepreneurship and Innovation was formally inaugurated in the month of July 2014 in the presence of our Chancellor Dr. S. B. Mujumdar and Dr. R. A. Mashelkar who is the Mentor of this Centre. The overarching goal of this Centre is to create innovation led entrepreneurs and contribute in strengthening entrepreneurial ecosystem within India. The main activities of this Centre include:

Incubating startups at SIU in partnership with other organisations

Conducting research in the area of innovation and entrepreneurship from both Indian and global context

Providing training and education to the students at SIU and corporate employees in the areas of innovation and entrepreneurship

Provide policy recommendation at the national and state level.

The Centre has been successful in designing, developing and delivering India's first 2 year full-time MBA course on Innovation Entrepreneurship at Symbiosis Institute of Business Management (SIBM). Now Centre is embarking on starting an incubation lab for the students of SIU and other institutions.

## **SYMBIOSIS COMMUNITY OUTREACH PROGRAMME AND EXTENSION (SCOPE) ACTIVITIES**

Universities and policy makers are increasingly recognizing the enormous potential of higher education to impact positively on the health and well-being of students, staff and the wider community through education, research, knowledge exchange and institutional practice. Keeping this in mind Symbiosis International University (SIU), as a part of Institutional Social Responsibility launched Symbiosis Community Outreach Program and Extension (SCOPE) activities in July 2012 and adopted 14 villages and 9 hamlets (n=23) around its campus at Lavale.

In line with the SCOPE initiative, Family Doctor Clinic at Sus village (FDC) and Mobile Medical Unit (MMU) were launched in the Mulshi block of Pune district. It is catering to 15 villages and 9 hamlets in Mulshi block and

2 construction sites in Walhekarwadi and Kalakhadak areas of Pimpri Chinchwad Municipal Corporation (27 sites) covering around 30,000 populations. FDC & MMU conducts a variety of preventive, promotive and curative services for poor, mostly rural, needy and marginalized population based in access-compromised areas. Activities like outpatient services, health talks, celebration of national and international health days, etc. are conducted. SCOPE has increased networking with government and private health care sector to undertake variety of activities like monthly immunization of pregnant & lactating mothers and children, monthly antenatal care (ANC) check-ups and treatment camps, specialist camps, patient referral, support to private/government health programmes. FDC and MMU teams also conduct health awareness and research/survey related activities in collaboration with sister institutes / departments of SIU.

We firmly believe that our role as a university goes beyond imparting of knowledge and skills to our students and, as active agents of change, we are supporting initiatives related to health, nutrition, water and sanitation, banking and finance and legal literacy. This initiative has been widely accepted and appreciated by community. We are committed to defending the ideals, responsibilities and objectives of a socially responsible academic institution. Our future plans are in line with expansion of services, connecting with corporate donors, setting up a Health & Demographic Surveillance System and promoting research in the catchment area.

### **Scholarships:**

Symbiosis is keen to offer scholarships\* to foreign students to give them the opportunity to take advantage of the educational programs available at Symbiosis. The scholarships are offered preferably in conjunction with the education ministries / embassies of participating countries. Close cooperation with these foreign governments will assist in ensuring the scholarships are awarded to the most deserving candidates.

### **Under this policy, the following scholarships are available for each Afro Asian country:**

- One Partial (50%) Academic Scholarship for a Post Graduate Program at any Institute of SIU
- One Full (100%) Academic Scholarship for an Under Graduate Program at any Institute of SIU
- One Partial (50%) Academic Scholarship for an Under Graduate Program at any Institute of SIU
- Two Partial (25%) Academic Scholarships for an Under Graduate Program at any Institute of SIU.

Apart from these scholarships, Symbiosis would offer 30% concession/scholarship on academic fees for all African students who wish to pursue any course at any institute of Symbiosis International (Deemed University). The student must also bear all additional costs including hostel fees, mess fees application fee, administrative fees, IELA, exam fee, etc.

This scheme has been initiated under the 'Educate Africa' programme with a view to strengthening relations between India and Africa. Based on its strong past connection with the continent and its people, Symbiosis believes it can positively assist in the capacity building of the African nations by offering a world-class education to African students. These students will be future Ambassadors of Goodwill.

## EXAMINATIONS:

**Programme:** A programme means a set of pre-defined courses selected from the Course Catalogue and approved by the Academic Council of the University, successful completion of which will lead to the award of a Degree or Diploma e.g. Master of Business Administration. The programmes conducted by the University follow semester / annual pattern.

**Course:** A course means individual subject that would be included from the Course catalogue to become part of the pre-defined courses of a programme e.g. Marketing Management

**Term:** A term in semester pattern means one semester and in annual pattern means one year.

**Semester:** A semester consists of a minimum of 90 days of teaching-learning and requires about six months to complete. Any programme of 2 years duration will have 4 semesters, any programme of 3 years duration will have 6 semesters, any programme of 4 years duration will have 8 semesters and the programme of 5 years duration will have 10 semesters.

**Evaluation:** The evaluation includes continuous and term-end evaluation. Continuous evaluation in general, is formative while the term-end evaluation is summative in nature.

For all courses having term-end examination, the continuous assessment will be for 40% and term-end assessment will be for 60% except for Design, Photography and Liberal Arts programme.

A maximum of 10% of the total credits (unless specified otherwise) will be evaluated entirely through continuous assessment by the concerned institute except for Design, Photography and Liberal Arts programme.

**Term-End Evaluation:** At the end of every term the University shall conduct 'Term-End' Examination. Evaluation is done under the supervision and jurisdiction of University.

**Continuous Evaluation:** The University has adopted the policy of continuous evaluation, which shall be carried out by the respective Institute/Department in accordance with the rules and regulations of the University. Continuous evaluation aims at multi-level assessment and may include components like class room online test, open book test, research essay, assignments, quizzes, case studies, practical, presentations, viva

and others as approved by the Board of Studies of the respective Faculty. All the components of evaluation should be spread across the term. Award of marks for attendance, surprise tests and class participation should be strictly avoided.

Following table is indicative of marks and corresponding minimum number of components:

Marks for Internal Evaluation	Components for Internal Evaluation
Less than 25	1
25- 50	2 to 3
51- 100	3 to 5
Above 100	6 to 9

Completion of the programme means passing all the prescribed examinations conducted by the University and fulfilling other prescribed requirements of the programme.

### Time slot for University Examinations:

External Marks	Duration of Examination	Compensatory Time in case of Writer
upto 40	1 hour	20 min.
40 to less than 60	1 hour and 30 minutes	30 min.
60 to less than 80	2 hour and 30 minutes	50 min.
80 and more than 80	3 hours	60 min.

There is no provision to appear in exam to improve marks or grade.

### Marking system for Symbiosis College of Nursing:

As per the requirement of Nursing Council, the following rules shall apply –

- I. A student must have minimum of 80% attendance (irrespective of the kind of absence) in theory and practical in each course for appearing University examination.
- II. A student must have 100% attendance in each of the practical areas before award of degree.
- III. A student has to pass in theory and practical examination separately in each of the paper.
- IV. If a student fails in either theory or practical paper he/she has to re-appear for both the papers (Theory and practical).

- V. A candidate can take any number of attempts with a condition that the student completes the course within the maximum period allowed. However the candidate should complete all the exams before appearing for the final year examination.
- VI. The maximum period to complete the programme successfully should not exceed 8 years for 4 years programme and 4 years for 2 years programme.
- VII. Maximum number of students for practical examination should not exceed 20 per day.
- VIII. All practical examinations must be held in the respective clinical areas.
- IX. Internal and External assessment ratio is 25:75.
- X. Transcript in the format prescribed by the Nursing Council shall be provided by the Institute.
- XI. Minimum pass mark shall be 40% for English only for B.Sc. (Nursing).
- XII. Minimum pass marks shall be 50% in each of the Theory and practical papers separately.
- XIII. A candidate has to secure minimum of 33% in qualifying subject (English) for passing for P.B. B.Sc. (Nursing).

### Credit Point System for Under Graduate Programmes

UG Programmes will be conducted on semester / annual pattern over a period of three / four / five years consisting of six / eight / ten semesters.

Credits for UG Programme shall not exceed a total of 50 per year.

Choice Based Credit System (CBCS): Cumulative Grade Point Average (CGPA) System for Academic Programmes

All programmes of University shall follow the total credits as recommended by Board of Studies and approved by the Academic Council and will adhere to the distribution of continuous evaluation and term end examination prescribed in the approved programme structure.

Over and above, mandatory 1 credit is allotted to Integrated Disaster Management course which is evaluated but not included in calculation of GPA.

**Credit:** A credit is defined as 15 contact hours or 30 hours of lab work or project. Each credit is assessed for 50 marks at the Post Graduate level and 25 marks for Under Graduate Programmes unless otherwise explicitly mentioned by the respective statutory councils.

### Calculation of Grade point

The grading system will allocate grades from the top down.

Letter Grade	Proportion	Grade Point
O (Outstanding)	Top 3%	10
A+ (Excellent)	12%	9
A (Very Good)	21%	8
B+ (Good)	28%	7
B (Above Average)	21%	6
C (Average)	12%	5
P (Pass)	Bottom 3%	4
F (Fail)		0
AB (Absent)		0

**Relative grading:** The grading of students will be done based on the relative performance of the students compared to the class.

Continuous Assessment, Term-end examination and Practical (if any) will be separate heads of passing.

Passing in a course means securing 40% of absolute marks in each of the heads.

Separate grade points will be calculated for continuous and term-end examinations and the weighted average of both will be the grade point for the course.

**Re-evaluation:** In case of re-evaluation, the scores obtained will be fitted as per original range of marks of the grades.

**Backlog Examinations:** In case of students appearing for Backlog examination, the marks secured in the subsequent attempt will be fitted back into the earlier distribution i.e. Original range of marks of the grades.

### Calculation of GPA for Semester and Overall CGPA:

The Grade Point Average for the semester will be calculated by taking the weighted average of the course Grade points.

The weights will be defined as per the credit points they carry. Similarly the CGPA for the programme will be calculated by taking the weighted average of the semester grade points where the total credit for the semester will act as the weight. The formula is as below:

$$CGPA = \frac{(GPA \text{ of Sem. I}) \times (\text{Credit Points of Sem. I}) + (GPA \text{ of Sem. II}) \times (\text{Credit Points of Sem. II}) + (GPA \text{ of Sem. III}) \times (\text{Credit Points of Sem. III})}{\text{Total Credit Points}}$$

(Credit Points of Sem. III) + (GPA of Sem. IV) (Credit Points of Sem. IV) ) + (GPA of Sem. V) (Credit Points of Sem. V) + (GPA of Sem. VI) (Credit Points of Sem. VI) } / { Total Credit Points }

CGPA will be calculated up to two decimal points

#### **Conversion of CGPA to percentage marks:**

Percentage = CGPA / 10 \* 100

**Standard of Passing:** A student has to pass both internal and term end examination separately i.e. obtains minimum GP of 4.00. A GP less than 4.00 will be treated as grade F (fail).

A student will be awarded the degree only if he/she has a CGPA of minimum 4.00 on the completion of programme and has cleared Integrated Disaster Management Programme.

The University will award degree to the student who has achieved a minimum CGPA of 4.00 out of maximum of 10.00 for the programme.

#### **Allowed To Keep Terms (ATKT) Rules:**

A student will attend classes of all the years with his / her batch. The following rule will be applicable as per the total number of semesters in a programme:

He/she cannot appear for end Semester-5 exams if he / she has CGPA less than 4.00 up to Semester-2 irrespective of number of backlogs in Semester-I.

He/she cannot appear for end Semester-6 exams if he/she has CGPA less than 4.00 up to Semester-3 irrespective of number of backlogs up to Semester - II.

He/she cannot appear for end Semester-7 exams if he/she has CGPA less than 4.00 up to Semester-4 irrespective of number of backlogs up to Semester-III.

He/she cannot appear for end Semester-8 exams if he/she has CGPA less than 4.00 up to Semester-5 irrespective of number of backlogs up to Semester-IV.

He/she cannot appear for end Semester-9 exams if he/she has CGPA less than 4.00 up to Semester-6 irrespective of number of backlogs up to Semester-V.

#### **Expiry of Validity**

The students who are not able to complete the programme within the stipulated period will have to take fresh admission to the programme as per the prevalent rules and his / her performance at the examinations and the terms earlier kept will be treated as null and void.

#### **Term Not Granted / Course Not Granted (TNG/ CNG)**

**Institute/ Department shall declare attendance every month.**

Institutes / Department shall declare a list of students as Terms Not Granted/ Course Not Granted (TNG/ CNG) to those who do not fulfill minimum attendance requirement. Institutes/ Department should announce the cut-off date for calculation of the attendance of students well in advance and should communicate TNG/ CNG list to the University at least one week prior to the commencement of term-end examination.

All those students who are granted TNG/ CNG will be appearing the examinations in next season as a backlog. However, the candidate will not have to pay backlog examination fees for the immediate subsequent attempt.

**Course Not Granted (CNG):** Minimum 75% attendance is mandatory for a student to be eligible to appear for the term end examination of a particular course. If the course attendance is below 75% then the student will not be granted the permission to appear for the examination of the concerned course. If cumulative attendance for all courses of the semester is more than 75%, CNG should not be given.

**Term Not Granted (TNG):** Minimum 75% attendance in aggregate is mandatory for all the students to be eligible to appear for the term end examination of all courses of the term. If the aggregate attendance is below 75% then the student will not be granted the permission to appear for the term end examination.

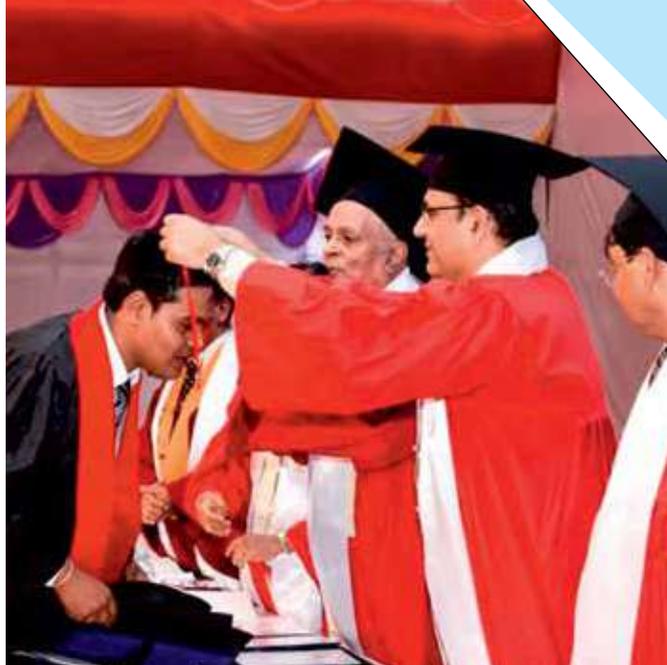

#### **Validity of Terms for programmes**

##### **Post Graduate Degree Programme**

The students admitted to all post graduate programmes of the University, will be allowed to keep terms for a period of one year from the date of admission beyond the normal period of the programme, i.e. the students joining a two years programme must complete the programme in three years from the date of admission.

##### **Diploma, Post Graduate Diploma and PG Executive Education programmes**

The students admitted to any of the above programmes except under the faculty of Law, will be allowed to keep terms for a period of one year after the stipulated duration of the programme. The students admitted to diploma programmes under the faculty of Law will be allowed to keep terms for a period of two years after the stipulated duration of the programme.

## Student Affairs

### CODE OF CONDUCT

#### Article 1: PREAMBLE

The student code of conduct [Code] is established to foster and protect the core missions of the Symbiosis International University, Pune, to foster the scholarly and civic development of the University's students in a safe and secure learning environment, and to protect the people, properties and processes that support the University and its missions. However, the establishment and maintenance of a community where there is freedom to teach and to learn is dependent on maintaining an appropriate sense of order that allows for the pursuit of these objectives in an environment that is both safe and free of invidious disruption. Rules and regulations are necessary to mark the boundaries of this needed order.

#### Article 2: APPLICABILITY

The Code is applicable to all students, which includes all persons taking programmes at various constituent institutes /departments of the University, either fulltime or part-time, pursuing undergraduate, graduate, professional studies. Persons who withdraw after allegedly violating the Code, who are not officially enrolled for a particular semester or term, but have a continuing relationship with the University, or who have been notified of their acceptance for admission are considered as "students". The Code applies to all locations of the University.

#### Article 3: JURISDICTION

The Code applies to the on-campus conduct of all students at all the location / campus of the University. The code also applies to the off-campus conduct of students in direct connection with:

- A. Academic course requirements or any credit bearing experiences, such as internships, field trips, study abroad / student exchange;
- B. Any activity supporting pursuit of a degree, such as research at another institution or a professional practice assignment;
- C. Any activity sponsored, conducted, or authorized by the university or by registered students organizations;
- D. Any activity that causes substantial destruction of property belonging to the university or members of the university community or causes serious harm to the health or safety of members of the university community; or
- E. Any activity in which a police report has been filed, a summons or indictment has been issued, or an arrest has occurred for any act or omission. Students continue to be subject to the laws of the land while at the University, and violations of those laws may also constitute violations of the code. In such instances, the University may proceed with University disciplinary action under the code independently of any criminal proceeding involving the same conduct and may impose sanctions for violation of the code even if such criminal proceeding is not yet resolved.

#### **Article 4: RESPONSIBILITIES OF STUDENTS**

Students are members of the University community and citizens of the state. As citizens, students are responsible to the community of which they are a part, and, as students, they are responsible to the academic community of the University. Admission to the university carries with it the presumption that students will conduct themselves as responsible members of the academic community. As a condition of enrollment, all students assume responsibility to observe standards of conduct that will contribute to the pursuit of academic goals and to the welfare of the academic community. They are expected to practice high standards of academic and professional honesty and integrity and also to respect the rights, privileges, and property of other members of the academic community and the Society. They should refrain from any conduct that would interfere with university functions or endanger the health, welfare, or safety of other persons. As a citizen of State, a student should not discriminate on the basis of race, color, creed, age, religion, gender, national or ethnic origin, marital status, sexual preference, physical disability, or any other legally protected status. They should at all times conduct themselves in a manner, which is not prejudicial to any law of the land. Their conduct should aim to achieve the meaning, mandate and manifestation as enshrined in the Constitution of India.

#### **Article 5: DISCIPLINARY MISCONDUCT**

Any student found to have committed or to have attempted to commit the following misconduct is subject to appropriate disciplinary action under this Code. ## Health, Recreation & Sports

### About the SCHC

Symbiosis International University offers medical facilities for all its students and teaching and non-teaching staff through Symbiosis Centre of Health Care (SCHC). The Symbiosis Centre of Health Care (SCHC) was established in 1997, with the mission of addressing the healthcare needs, primarily of the students & staff of Symbiosis, envisioning a state of 'Positive Health' in them. It is the "In-house Health Care Unit" of Symbiosis which provides preventive, promotive and curative health care services. The healthcare services are rendered to students & staff through standardized healthcare setups and quality NABL accredited lab services. The SCHC collaborates closely with campus community to provide a comprehensive health services, promotion and prevention effort that cares for the physical and mental health of Symbiosis students, striving for excellence in student services and to support and sustain a healthy campus community. With a team of qualified healthcare professionals, the SCHC has implemented a unique 'Health Insurance Program' for staff & students and has utilized Information Technology in healthcare & maintenance of Electronic Health Records (EHR), thereby achieving the status of a 'paperless' office

The SCHC also has the state of art recreation and wellness facility on campus. We are committed to empower and inspire students and staff members to choose a healthy life style. Fitness professionals strive to offer recreation and wellness services that encourage healthy and active lifestyle to fulfil its mission of enhancing the culture of wellness on campus.

The following primary health care services are provided by the Symbiosis Centre of Health Care (SCHC):

#### Promotive health care facilities:

- Access to state-of-the-art recreational and wellness centres at all campuses which include gymnasium, aerobics studio, swimming pools, and yogashala with meditation halls.
- Health awareness lectures on various healthcare related issues.

- Online counselling on health, diet and lifestyle related issues.
- Campus Health Advisory Committee (CHAC) established at each campus reviews the student communications strategy for evaluating health care services, health care policies and makes recommendations to the management on aspects relating to health care facilities.

#### Preventive health care facilities:

- Annual health check-up of the students of Symbiosis is conducted and a detailed record is maintained electronically on web based, HIPAA compliant software and hosted on Microsoft Azure Cloud in Asian data centre. Consultants/ Specialists from different disciplines (Physician, Ophthalmologist, ENT specialist & Dentist) conduct the Annual Health Check-up including Lab investigations (Haemogram & Urine examination).
- Inspection of campus & eating establishments on campus.

#### Curative health care facilities:

- A health centre with a full time medical officer and nurse is available at all campuses. An ambulance is stationed at Lavale Hilltop campus considering the location of the campus and nearby hospitals. At other campuses in Pune and outstation campuses such as Nashik, Noida, Bengaluru and Hyderabad, 108 (Emergency number of concerned state) number is dialed for ambulance services. Patients needing specialized care are referred to or shifted to local hospitals without loss of time. This is critical for parents to feel confident that their children are secure and safe.
- Outpatient Department (OPD) services including Emergency Medical Services (EMS) phone number for medical assistance is prominently displayed at all institutes and hostels. The EMS & Insurance Cell number is also printed on the identity cards issued to students, faculty and staff.

## University Sports Board

Every human being has a fundamental right of access to physical education and sports, which are essential for the full development of his/her personality. The freedom to develop physical, intellectual and moral powers through physical education and sports must be guaranteed both within the educational system and in other aspects of social life. Symbiosis today is already known for its excellence in education and we aim to transform the same in sports.

University Sports Board, SIU has been entrusted with twin objectives of promoting health and wellness amongst student, staff and community and promoting sports, achieving sporting excellence at the National and International level. Apart from being a means of entertainment and physical fitness, University Sports Board have also played a great role in generation of the spirit of healthy competition and bonding within the community. Sports play a key role in development of personality of the youth. In fact, sports should be a way of life. I call upon the youth to make sports an integral part of their life.

The role of the University Sports Board is to create the infrastructure and promote capacity building for broad-basing sports as well as for achieving excellence. Keeping in view the growing demands for advanced infrastructure, equipment and scientific support, University Sports Board has taken several initiatives and is providing the necessary assistance to sportspersons by way of training and equipment support as well as sports scholarship / cash incentives for boosting student's morale.

### Objective:

- To promote excellence in sports by encouraging participation in National and International championships in large numbers.
- To create a culture of sports by imbibing higher moral and ethical values, spirit of comradeship and the desire to excel.
- To annually organize inter institute competitions in specified games and sports for the students
- To organize annual events for mass participation of students and staff with a focus on health and wellness
- To provide equal opportunities and encouragement to all students and staff for participation in physical activity and sports at all levels.
- To offer sports scholarship, prizes and other awards to outstanding athletes and sportsmen and women
- To create, develop and maintain sports infrastructure
- To get associated and affiliated to recognized Sports Associations and Federations

### Institute Profile

Established in 1978, Symbiosis Institute of Business Management (SIBM Pune) is the flagship institute under the faculty of management, and a constituent of the Symbiosis International (Deemed University). SIBM Pune started out in a humble manner 40 years ago and has come a long way to become one of India's leading B-Schools, consistently ranked among the top ten. Today, SIBM Pune boasts of a sprawling green campus in a picturesque setting atop a hill in Lavale, Pune.

SIBM Pune runs its much sought after two-year full time MBA program which attracts over 40000 applications for its 180 seats. SIBM Pune also runs a uniquely designed MBA in Innovation and Entrepreneurship to churn out future job creators.

The most striking feature of SIBM Pune is that it is a student driven institute. The institute operates through a student driven council consisting of teams responsible for different activities. All major activities at SIBM Pune are designed and implemented by the students themselves resulting in immense opportunities to learn not just about business but also about social issues and concerns.

SIBM Pune over the years has been known for its holistic development of students. The institute believes in constantly seeking inputs from the industry and its dynamic course structure is updated regularly to ensure that the students match corporate requirements.

The students of SIBM Pune very uniquely choose their specialization within 45 days of the commencement of the course. The specialization classes commence long before the summer placements so that students have in depth necessary knowledge that they would find useful during their summer internships.

The institute has had a most outstanding placement record for several years. Numerous SIBM Pune alumni have proved their credentials as top business leaders in organizations around the world.

SIBM's multi-disciplinary faculty members are drawn from the cream of academia as well as industry. Their diverse backgrounds and immense experience provides valuable insights into the many facets of the world of business.

Equipped with top class infrastructure, SIBM Pune offers all the audio video equipments to facilitate student learning. The amphitheatre style classrooms are equipped with LCD projectors and inbuilt audio systems.

SIBM Pune also provides ample opportunities for students who wish to participate in sports. Its in-house cricket ground, swimming pool, basketball court, gym, yoga/fitness centre and indoor badminton courts give students a chance to pursue sports activities.

The good news is SIBM Pune is not just about the full time MBA program; there are a host of weekend courses for working professionals as well.

The weekend courses include a full length executive MBA programme apart from a variety of one year post graduate diploma programmes in all functional areas of management. Ever responsive to the needs of the dynamic corporate world, SIBM Pune also runs a unique post graduate diploma in Innovation and Corporate Entrepreneurship.

These courses keep the campus as alive on weekends just as on any working day. It is an extremely satisfying sight to see the participants totally enjoy their back-to-school status

**Orientation and Pedagogy: -**

SIBM Pune conducts its Orientation Programme in a novel way. The very first day of the Programme is made special for the students. After the ceremonial address by the Director, the students are divided into teams of twenty. Each team is handed over to a team of two faculty members. The faculty members take their teams of twenty students through a series of interesting ice-breaking sessions and team building exercises for the rest of the day. The day ends with a group task for the next day. On the second day, teams of twenty have to perform on stage. The stage performance is divided into three parts. One is a purely social skit which students have to conceive, write and enact. Second part consists of a business/academic issue which students have to enact. Third and last part is a cultural performance which may include singing, dance, mimicry etc. Next two days are generally devoted to outbound activities leading to development of team building and problem solving skills. The last two days are devoted to experience sharing sessions by corporate executives as well as entrepreneurs, preferably from the alumni pool.

Pedagogy at SIBM Pune is a mix of many methodologies. Apart from the usual chalk-n-talk, there is a conscious effort to make the sessions interactive by using case studies and references of latest developments in the relevant field. In addition, students are encouraged to undertake multiple projects to hone their research and analytical skills. Latest tools and techniques like Business Simulations are used wherever possible. Ample amount of guest lectures is organized by inviting leading corporate executives, especially from the alumni pool. In fact, SIBM Pune has consistently received Awards for excellent industry interaction. Field visits are also a regular feature.

## Programs Profile

### Name of the Programme(s)

- i. Master of Business Administration - International Business (MBA-IB)
- ii. Master of Business Administration- Agri Business (MBA – Agri Business)
- iii. Master of Business Administration- Energy and Environment (MBA- E&E)

### **MBA – International Business (Specializations: Marketing, Finance, Supply Chain Management & HR)**

Counted amongst the league of top MBA schools in India, SIIB's flagship program is the MBA in International Business. The MBA-International Business is an intensive, two-year, residential, post-graduate degree program, specifically designed for a rewarding career in global business management. This program is a unique blend of theories and practices that prepares students for domestic markets as well as business on a global platform.

The International Business courses such as Foreign languages, Trade Finance and Forex Risk Management, Foreign Trade Policy and Export Management, make this program truly unique and raise it to the level of international status. Students, who enter the portals of the college, come from diverse academic backgrounds such as engineering, pharmacy, economics, mathematics, chartered accountancy, IT, commerce, and provide a vibrant tone to the program. The first semester serves as a churning crucible and creates the basis for understanding business management. All the students are brought together on a level playing field before specializations begins in the second semester.

Symbiosis Institute of International Business (SIIB) offers an elective system wherein a student can opt for Major courses in any one functional area of specialization (Marketing, Finance, Supply Chain Management and Human Resource).

The semester pattern followed by SIIB ensures that the subjects are covered in detail and every course that is taught, is understood and assessed thoroughly.

Steffen Nevermann says "To create crucibles from which leaders may emerge, schools must put their students in a learning mode that challenges them to accept responsibility for their own education and gives them first-hand appreciation of the application of knowledge and skills to practice."

SIIB does exactly that and creates a context that is fertile for leadership.

### **MBA – Agri Business**

India ranks second in farm output worldwide. Agriculture and allied sectors like forestry and fishing which accounts for 13.9% of the GDP continues to be the mainstay of the Indian economy. Food is the crowning need of mankind and much emphasis is laid on commercializing agricultural production. Hence, adequate production and even distribution of food has lately become a global concern.

Agriculture has long been seen as a sector with tremendous potential in India. In the last few years, the sector has seen an unprecedented growth with several government and private sector initiatives. Changing global norms such as the WTO rulings and increased global competitiveness, invites a tremendous need for professional courses in Agribusiness Management, and makes it one of the most challenging and exciting sectors to be in, either as a professional or as an entrepreneur. The MBA-Agribusiness program is thus a response to this growing need for professionals, who can contribute to, and engineer the agribusiness revolution. In fact, SIIB is recognized as one of the best college for agribusiness management in India.

MBA-Agri Business program broadly covers Marketing (emphasis on rural marketing and retail management), Finance (emphasis on micro finance, commodity trading and lending and risk management), Supply Chain Management (logistics in retail), and Taxation. It also details all the relevant and applicable fields of Agriculture and WTO, Agri-export-import and Agricultural Finance.

At SIIB, a student pursuing an MBA in Agri Business possesses a high level of decision making skills, and can go out confidently into the demanding and dynamic world of Agri Business Management.

As they say the farmer works the soil, the manager works the produce.

## **MBA – Energy and Environment**

Energy, the essential resource behind every economic activity is intrinsically as well as extrinsically linked with nature in satisfying the world's basic needs. The management of this relationship between the energy sector and the ecological environment has become increasingly complex due to a paradigm shift in our perspective and outlook. These are global issues and have found a prominent place in all recent global debates like climate change, resource management, energy security, etc.

The MBA in Energy and Environment program is a niche domain that is currently offering a lot of opportunities waiting to be tapped. As an Institute of International Business, SIIB believes that strengthening one's capacity and building it in this emerging sector is critical. Therefore, the Institute has taken this initiative to create young professionals who can be an asset to organizations in this crucial area. These will be the professionals whose importance will grow at an amazing pace in the years to come. Realizing the need of the moment, the Institute launched this unique two years full time residential program which focuses exclusively on the Energy and Environment sector, in the national as well as global context and addresses the current needs of the industry.

The primary objective of this course is to equip aspiring global managers with managerial, economic, legal, political and relevant technical competence. They will serve as experts who provide the crucial link between the world of technology, business and sustainable development.

The program provides a judicious blend of theory and practice and prepares students to meet the contemporary global needs. The program has been designed in such a way that it imparts the knowledge of general management and at the same time encompasses sectors namely power, renewable energy, energy efficiency, oil and gas, climate change, sustainable development, green buildings, corporate sustainability, global standards and environmental management.

A student pursuing this programme will be able to deal effectively in energy audits, and offer solutions in energy conservation and management, sustainability standards, renewable energy business and finance, etc.

A good manager knows that Conservation is a state of harmony between man and land.

**Duration of the Programme(s):** 2 years full-time, residential full time course.

**Orientation and Pedagogy:-**

Orientation is an integral part of SIMS. It prepares the new MBA students for a life of professional manager & the equips them with the strength to deal with the challenges it presents. The duration of orientation programme ranges from 2- 3 weeks. The programme starts as soon as students report to college in June. The overall orientation structure is divided in two parts - academic & extra curricular.

In Academic; students attend lectures that cover the basics of subjects for the 1st semester & guest lectures that range from motivational talks to choosing the right specialization.

The extra-curricular focuses on inculcating good habits. During the orientation the day starts at the early morning. All the students attend basic exercises followed by activities like yoga, sports, dance which focuses on stamina & importance of good health.

In the evening students are given assignments to work on. The aim of such assignments is to emphasize on self-learning & peer-learning.

The orientation, even though hectic; equips SIMS students with leadership capabilities, time management, multi-tasking & importance of goal-setting - all the qualities, that SIMS Alumni are known for in the Industry.

## Programs Profile

### Name of the Programme:

**Master of Business Administration - Telecom Management [MBA - TM]**

### Specializations:

Systems and Finance

Marketing and Finance

Analytics and Finance

### Marketing Specialization

The curriculum for Marketing Specialization has been designed keeping in mind the requirements of the industry and the profiles offered to SITM students in this discipline.

Typical profiles offered to marketing students are pre-sales, sales, marketing, business development, business analyst, consultant, product manager, project manager, account manager, bid manager, solutions selling, and so on.

Students learn marketing as a specialization with the help of classroom sessions, case studies and business simulations. It helps students to be well equipped with application of marketing concepts in the real world situations

Students also learn research concepts and research methodologies which can be applied in market research which would enhance their skills in today's complex environment. To add value we offer relevant industry focused training in various semesters. Thus, students are well equipped with sound academic inputs, real time cases, simulation based learning and industry focused training. Research projects / study projects guided by faculty members help students to undertake independent study of specific aspects of business whereas summer projects help students to gain exposure to industry practices. These inputs are coupled with seminars, workshops and panel discussions on contemporary topics in the technology and business domain. The curriculum is thus designed keeping in mind overall development of students.

In addition to business and marketing domain knowledge, management students need to be equipped with technology, finance, and general management and communication skills. The core subjects take care of the above skillsets, whereas marketing specialization subjects give an in-depth understanding of the technology, business and marketing.

### Systems Specialization

Systems specialization caters to the Industry requirement where the profile demands sound knowledge of technology. The curriculum covers in-depth knowledge of data networks, network design along with telecom technologies. It also covers convergence of networks and services. Finance, communication skills and basics of marketing are imparted as a part of core subjects.

Students learn systems as a specialization with the help of classroom sessions, case studies and technology/network simulations. It helps students to be well equipped with application of ICT concepts in the real world situations.

*Inauguration of Communique 18 International Telecom Seminar*

*SITM was awarded Telecom Lead Tech institute 2017 for its role to create Global Telecom Business Leaders.*

Students also learn research concepts and research methodologies which would enhance their skills in complex environment. To add value we offer relevant industry focused training in various semesters. Thus students are well equipped with sound academic inputs, real time cases, simulation based learning and industry focused training. Research projects / study projects guided by faculty members help students to undertake independent study of specific aspects of business whereas summer projects help students to gain exposure to industry practices. These inputs are coupled with seminars, workshops and panel discussion on contemporary topics in the technology and business domain. The curriculum is thus designed keeping in mind overall development of students

Students opting for Systems specialization look forward to working as project manager, consultant, pre-sales consultant, business development manager, corporate revenue assurance executive, account manager, process designer, bid managers, and IT-strategist. This is just a sample of set of profiles that are available to students with Systems specialization.

### **Analytics & Finance**

## Orientation and Pedagogy:

### Classroom Teaching

The spirit of Classroom teaching encompasses the fundamentals of theoretical and conceptual learning. It extends its traditional boundaries into the world of interactive learning through case studies, assignments, quizzes and mock presentations by the students.

### Group Learning

The students are grouped into syndicates, which encourages a free exchange of ideas. We strongly believe that syndicate learning is vital for creativity. This activity encourages students to understand group dynamics and then perform in groups.

### Dynamic Curriculum

The Course structure, academic curriculum and examination process is continuously upgraded. In order to address the existing needs of the industry and in accordance with the academic portfolio, SITM has an Advisory Council consisting of senior management professionals from Industry and Academicians.

### Guest Lecture

Guest Lectures offer students a chance to interact with professionals not only from the IT and Telecom industry but also from various other fields. Their inputs enable our students to get insights into the corporate world.

TEDx Event

*Annual Management Conclave Connexion 2017*

### **Simulations**

Simulations are used in a few courses to get students overall exposure to various aspects of learning. The simulations include telecom simulation, network simulation and business simulations.

### **Lab Teaching**

The lab is extensively used for a few courses such as network, analytics. SITM has an IBM Analytics Lab.

### **Workshops**

The inputs from the speakers in the Guest Lectures are contributed by the industry leaders on a wide range of topics involving managerial, technical and personality development which expands the horizon of knowledge. This process yields the much needed inputs for adding a value proposition to the portfolio of a student at SITM.

### **Summer Projects**

The Summer Internship at SITM is for a period of 8 to 9 weeks starting generally in the first week of April after Second Semester. During the internship, students are required to be with the Industry on a full time basis. The students prepare a detailed project report which describes the entire gamut of activities covered during their internship with the industry as well as the skills that they acquire while working with them. This is an integral part of the curriculum and the student is evaluated for the same.

At SITM we cater to majorly seven verticals.

### **Research Projects**

To inspire thought and initiate in-depth study in various areas of business and technology, a research project is allotted to each syndicate. This project is conducted over a 10-month period. The research project primarily relates to telecom and IT. It involves studying the technical aspects along with the business issues and commercial viability. The institute also shares these research projects with the industry.

### **Industry Projects**

In a few cases, due to industry – institute collaborations students can undertake live projects under the mentorship of faculty members.

### **Industrial Visit**

The students are expected to visit industries in telecom sector as a part of learning process.

### **Summer school & winter school**

As a part of internationalization, students are given opportunity to visit foreign Universities / Institutes. The students are given credit change as per SIU rules.

### Institute Profile:

SIOM is one of the premier business schools in India affiliated to Symbiosis International (Deemed University), Pune. Since its inception SIOM has laid its emphasis on operation excellence and has carved out a comfortable niche in the area. SIOM, exclusively for ENGINEERS, is the India’s only Institute dedicated to Operations Management, constituted with a vision of Empowering and Leading Operations Excellence, with the understanding that industry hires talent with a vision for world class excellence, atop the current competitive markets. Business today is driven by technology. Understanding the breadth and depth of this area; the advent of SIOM aims towards World Class Management Programs with emphasis on Operations Management.

SIOM MBA programme in Operations is striving relentlessly to equip and shape engineers into outstanding “Techno-Business” leaders. The MBA - Operations Management program at SIOM arms each engineer with vital skills and knowledge necessary to design, manage, analyse, and improve the operations systems in any industry, anywhere. The institute boasts of competencies and expertise of its students in SCM, Business Process Management, Business Analytics, Project Management, Quality Management, Demand Planning Management, Enterprise Solutions (ERP), Logistics, Manufacturing and Operations Research. Efforts are taken to infuse the latest technological trends in

the Industry and hence, IOT, Block chain, Artificial Intelligence, Machine learning and Analytics have been woven strategically in the curriculum. Continuous updating of curriculum with the consent of corporate mentors and keeping abreast with the latest has been the trend at SIOM. This quest for the best paved way for several laurels like “B-School with the Best Industry related Curriculum in Operations Management”, “B-School Excellence Award for Innovative, Modern and Industry related Curriculum B School” “Award for Industry related curriculum in Operations, Business School with Best Academic input (Syllabus) in Operations & Manufacturing, Procurement Excellence Awards and many more since its inception every year by reputable Institutions.

Other than imparting the best of curriculum the Institute carefully chooses workshops and certifications for developing expertise and competencies like the Six Sigma Green Belt Certification by KPMG, SAP training in MM, PP, SD & FICO modules, under the SAP University Alliance Program, APICS Supply Chain / Demand Management / Operations Strategy, Supply Chain Models and International Logistics workshop every year. Realizing the fact that along with the niche expertise in operations overall understanding of Business Integration would only contribute to further building competencies in the allied domain, SIOM introduced electives in functional areas of Finance, Marketing, Human Resource, Project and Information Technology but with the focus of Operations.

This industry orientation has attracted companies like Deloitte, PwC, Amazon, 3M, UTC, IBM, BOSCH, P&G, Cummins, Tata motors, GE, Phillips and other leading corporates from different sectors like Manufacturing, Consulting, BFSI, IT/ITes, FMCG, Retail, Logistics, Retail, Mining, Pharmaceuticals and Infrastructure to participate in the placement process.

### Orientation and Pedagogy: -

MBA (Operations Management) is designed exclusively for Engineers to meet the needs of diverse sectors of economy. The course is oriented to fill in the void of operations competencies needed to successfully drive businesses through the complex dynamics of the global economies.

Briefly, SIOM is an Institute that is dedicated to the creation of operation managers who are proficient at improving an organization's operational performance by minimizing 'defects' in the manufacturing and service-related processes. Inspired by the motto of the institution 'Empowering and leading excellence', engineers who step out of the SIOM portals and stride into the corporate world, prove to be prized assets for modern day organizations. The sectors open for career in operations are Manufacturing, Consulting Firms, Retail, Financial Institutions, Transportation and Logistics, Construction, Information Technology and Hospitality. Students are equipped to attract strategic job profiles in Process Improvement and Management, Developing, Implementing and forecasting strategies, Supply chain network designing and Optimization, Supplier demand management, Procurement, Demand forecasting, Quality Management, SCM Consulting, Process Improvement, Client Service Manager, and many more given the capacities and expertise gained during the course.

Induction MBA 2018-20

*Induction MBA Batch 2018-20*

*Homecoming (Alumni back to SIOM Campus) MBA 2006-08 Batch*

*Aarambh 2018*

*International Yoga Day 2018*

Highly advanced and Industry relevant state-of-the-art course with balanced understanding of technical-analytical and organizational-behavioural aspects of the market makes this program unique.

### **Pedagogy:**

Our program is strongly research oriented and the curriculum emphasizes early involvement of our students in research based projects. Case discussion, research papers, Simulations and live industry projects are the major part of pedagogy apart from games, role plays and activity oriented assignments that aid in students conceptual clarity as well as practical application of these in real time situations. SIOM offers Project Based Learning (PBL) as an elective where students work on live industry projects and enjoy experiential learning. Students are encouraged to work on several consultancy projects during the two years, apart from minimum two Internships during the program. Industry Interaction is strategically woven in form of Guest lectures, workshops and industry alliance modules as part of evaluation components to enhance and add practical flavour to learning.

### Institute Profile:

Symbiosis Institute of Business Management (SIBM), Bengaluru was established in 2008 as a constituent of Symbiosis International (Deemed University) with the aim of imparting world-class education to students and transforming them into top notch leaders of the corporate world. At SIBM-B, eminent faculty from across the country, holistic learning-focussed pedagogy, passion-driven students and world-class facilities meet the epicenter of knowledge to create the future business leaders.

Over decades, the methods of imparting education may have changed drastically and also ways of seeking it, but the power that propels every student towards excellence and knowledge has remained the same - the voracious fire within that needs to learn more, do more and be more. The Symbiosis Institute of Business Management (SIBM), Bengaluru understands this in its students and leaves no stone unturned in providing quality education and helping this spark build into a roaring flame that will help its students become leaders of tomorrow.

The indelible spark of perfection is ingrained in every student of SIBM Bengaluru and this spirit is reflected in practically every step that an SIBM Bengaluru student takes in the challenging corporate world. Bengaluru is at the forefront of globalization, and SIBM Bengaluru is perfectly poised to cater to the confluence of the east and the west. Here, the onus rests with each individual to carve out her/his own identity. SIBM, Bengaluru instills a culture which encourages leadership potential. All students at SIBM, Bengaluru are polished to perfection when it comes to being trained as leaders and perfectionists in their field of work.

SIBM Bengaluru envisions a management education with a "quantitative difference" by focusing on data analytics across all specializations. Decision making and analytical skills are developed in the students through the use of a case-based method of teaching and simulations.

### Institute Profile

Symbiosis School of Banking & Finance was established to address the growing demand for trained workforce in the Banking and Financial Services Sector. Given that a strong and resilient banking system is critical for fuelling and sustaining growth, the importance of having industry-ready manpower cannot be over-emphasized. Our programme - MBA (Banking and Finance) has been designed to provide the necessary education and skill-sets to equip students to innovate, manage, lead and take on the challenges of this increasingly complex and dynamic sector. SSBF is committed to providing an environment that facilitates learning and development of well-rounded personalities such that they leave the portals of the institute as industry-ready professionals.

## Name of the Programme:

**Master of Business Administration – Banking and Finance (MBA- Banking and Finance)**

## Programme Profile

The MBA (Banking and Finance) program is designed with an objective to disseminate relevant knowledge and provide skills to students such that they function effectively in the challenging environment of the Banking, Finance and Insurance (BFSI) sector. SSBF has tied up with Association of International Wealth Management of India (AIWMI) for Certified Credit Research Analyst (CCRA), EDUCBA and Bloomberg to provide industry relevant certification related to banking and finance. Students are also encouraged to do other certifications such as the AMFI certification, NISM certification, NCFM certification etc. to acquire special knowledge in their areas of interest.

- Android Technologies
- Linux Scripting
- Flexi-Credit Course

##### **Electives :System Administration**

- Network Operating Systems
- Scripting Language
- Essentials of Vulnerability Assessment and Penetration Testing
- Cryptography
- Software Verification and Validation
- Database Administration – I
- NOSQL Databases
- Flexi-Credit Course

#### **Electives :Data Science**

- Software Project Management
- Computation Methods
- Data Analysis Using Python
- NOSQL Databases
- R Programming
- Data Warehousing
- Linux Scripting
- Fuzzy Logic
- Data Analysis and Visualization
- Flexi-Credit Course

#### **Semester : III**

##### **Electives :Software Development**

- Pilot Project
- Web UI and Content Management
- Software Architectures
- Network Programming
- Cloud Programming using Web Services
- Data Mining and Algorithms
- Systems Programming
- Software Quality Models
- Flexi-Credit Course

##### **Electives :System Administration**

- Essentials of System Administration
- Server Security and Hardening
- Advanced Vulnerability

Sharing Care- CSR initiative

- Assessment and Penetration Testing
- Computer Forensic - Detection & Prevention of Frauds
- IS Risk Analysis and System Audit
- Wireless Networks
- Data Centre Infrastructure Management
- Network Operations, Design, Optimization and Management
- Network Programming

- Database Administration – II
- Cloud Development and Administration
- Applied Cryptography
- Flexi-Credit Course

#### **Electives :Data Science**

- Pilot Project
- Image Processing
- Machine Learning Algorithms

- Cloud Programming using Web Services
- Natural Language Processing
- Data Science for IOT
- Artificial Neural Network and Deep Learning
- Text Analytics
- Flexi-Credit Course

#### **Semester : IV**

##### **Core Courses**

- Industry Internship

### iii) Masters of Science – System Security (MSc-SS)

#### **Semester : I**

##### **Core Courses**

- Operating System Fundamentals
- Fundamentals of Computer Networking
- Information Security Essentials
- Cyber law
- Introduction to Relational Database Management
- Python Programming
- Cryptography
- Scripting Language

#### **Semester : II**

##### **Core Courses**

- Linux Server Essentials
- Windows Server Essentials
- Network Programming
- Cloud Architecture
- Secure Software Engineering
- Dissertation
- Integrated Disaster Management

##### **Electives**

- Database Administration – I
- Content Delivery Network and Security

- Flexi-Credit Course
- IT Infrastructure Library
- Asset Management
- Essentials of Vulnerability Assessment and Penetration Testing
- Computer Forensic - Detection & Prevention of Frauds

### Orientation and Pedagogy:-

#### Multi-faceted Learning

At SCIT, we believe in the new realization that exams are only a purpose of learning and true learning is actually a journey to explore knowledge. SCIT look at post graduate education with a view to create "Learnability" in a student that stays with him life long and does not wither with a degree in hand. SCIT lays importance on a student's all round development with a focus on academics as well in all its residential programmes. The holistic programmes build strength and create a framework to enjoy life as professionals and as individuals. Self-exploration through programmes such as 'Moral Re-Armament Camp (MRA) is encouraged.

SCIT strives to make paradigm-shift from exam orientation to knowledge orientation. SCIT believes in the practice of consolidation where in the core elements of academic rigor and academic discipline are closely knitted by research, student orientation, brand building, corporate interface and process automation. To realize the shift SCIT has taken towards creating evaluation methodologies from concept building through application development and not necessarily just elaboration on theory. SCIT emphasizes that academics should trigger research and research should drive academics.

At SCIT, a semester pattern, i.e., 2 terms per academic year is followed. At the beginning of the term, the syllabus along with the names of reference books, authors and the evaluation policy is communicated to the students. No text books are prescribed as students are expected to explore and learn by referring to books, implementing concepts

in the labs and collecting references from the internet, analysing and problem solving through case studies etc.; SCIT also has a digital library with a spectrum of e-books and magazines. SCIT's evaluation policies has term end as well as continuous evaluation. The continuous evaluation is carries out continually and consists of any combination of several components such as projects, lab tests, presentations, whitepapers etc. the main objective here is to evaluate learning.

### **Internships**

Internship in the industry is an integral part of the 2 year academic programmes at SCIT. It provides excellent opportunities for SCIT students to get a first-hand experience of business realities. Before working as interns, SCIT students work on pilot projects, a replica of what happens in the industry. This enables them to make a quick start in learning from the "LIVE" environment during an internship project, a new perspective that a class room cannot generated. In the past, most of the SCIT students have worked with reputed companies and have contributed significantly; some have even travel abroad for live projects.

### **Projects**

#### **Collaborative Projects**

SCIT makes a conscious effort in tracking technology advancement and transformation that business are going through. The students as well as the faculty of SCIT undertakes various projects as well as R & D projects that cover this area of study.

#### **Research and Development Projects**

Research orientation is an important part of learning at SCIT. Students need to register and work on a dissertation. SCIT presently works in these broader areas of research.

- Healthcare Insurance 2
- Pharmaceutical Management 2
- Basic German I

### Master of Science (Medical Technology)

#### Semester : I

##### Core Courses

- Biostatistics & Basic Epidemiology
- Research Methodology
- Teaching Methodology – I

##### Electives: Cardiac Care

- Development of Cardiovascular System and Circulation (Fetal, Neonatal & Adult)
- Etiopathogenesis of Heart Disease
- Cardiology Basics and Chest Roentgenogram
- Electro-Physiology, ECG and Stress Test Technique

##### Electives: Respiratory Therapy

- Basic Sciences (Anatomy and Physiology)
- Cardiopulmonary Diseases
- Cardiopulmonary Pharmacology
- Advanced Respiratory Therapy-I

##### Electives: Clinical Laboratory

- Biochemistry
- Parasitology
- Systemic Bacteriology
- Clinical Pathology

##### Electives :Operation Theatre & Anesthesia Technology

- Pre-Anesthetic Patient Assessment
- Pre-Operative Patient Investigation
- Patient Preparation
- Anesthetic Fitness Criteria and Pre Surgery Checklist
- Infection Control in Operation Theatre

**Electives: Dialysis & Renal Technology**

- Renal Anatomy and Physiology
- Aetio-Pathology of Renal Disease
- Renal Pharmacology
- Water Treatment

**Electives: Imaging Sciences**

- Imaging Equipment (I) -X-Ray and Mammography
- Radiation Physics and Protection
- Applied Physics in Medical Imaging
- Radiographic Photography

**Semester : II****Core Courses**

- Business Statistics
- Review of Literature – I
- Pathology and Case Presentation-I
- Principles and Practices of Management
- Teaching Methodology –II
- Integrated Disaster Management

**Electives : Cardiac Care**

- Clinical Cardiology
- Echocardiography and Peripheral Doppler – I
- Biomedical Instrumentation in Cardiac Care

**Electives :Respiratory Therapy**

- Advanced Respiratory Therapy-II
- Critical Care Medicine-I
- Biomedical Instrumentation in Respiratory Therapy

**Electives :Clinical Laboratory**

- Clinical Hematology
- Diagnostic Microbiology
- Instrumentation in Clinical Laboratory

**Electives: Operation Theatre & Anesthesia Technology**

- Anesthetic Agents
- Techniques in Anesthesia
- Safety Measures in Operation Theatre
- Biomedical Instrumentation in OT and Anesthesia

**Electives :Dialysis & Renal Technology**

- Theory and Principles of Hemodialysis
- Clinical Nephrology
- Dialysis Equipment

**Electives :Imaging Sciences**

- Imaging Equipment and Techniques in Ultrasonography (USG)
- Techniques in X-Ray and Mammography
- Image Interpretation (X-Ray and Mammography)
- Imaging Equipment and Techniques in Ultrasonography (USG)
- Imaging Equipment (II)- Computed Tomography (CT)

**Semester : III****Core Courses**

- Pathology and Case Presentation- II
- Summer Internship
- Review of Literature –II
- Hospital Information System
- Teaching Methodology –III

**Electives :Cardiac Care**

- Echocardiography and Peripheral Doppler-II
- Cardiac Pacemakers and Cardioverter Defibrillators
- Cardiac Catheterization
- Applied Management in Cardiac Care Unit

**Electives :Respiratory Therapy**

- Advanced Respiratory Therapy-III
- Critical Care Medicine-II
- Emergency Medical Services-I
- Cardiopulmonary Rehabilitation
- Applied Management in Respiratory Therapy Unit

**Electives :Clinical Laboratory**

- Clinical Biochemistry
- Virology and Mycology
- Blood Banking
- Applied Management in Clinical Laboratory

**Electives :Operation Theatre & Anaesthesia Technology**

- Procedures in Thoracic and Cardiac OT
- Procedures in Neuro OT
- Procedures in Abdomen, Obstretic, Gynaecology and Urology (OBGY & URO)OT
- Procedures in Ear, Nose, Throat (ENT), Ophthalmic and Paediatric OT

**Electives :Dialysis & Renal Technology**

- Theory and Principles of Peritoneal Dialysis
- Investigations in Renal Diseases
- Patient Care in Renal Technology

**Electives :Imaging Sciences**

- Techniques in Computed Tomography (CT)
- Imaging Equipment (III)-Magnetic Resonance Imaging (MRI)
- Techniques in Magnetic Resonance Imaging (MRI)
- Cross-Sectional Anatomy (CT, MRI)
- Applied Management in Radiology Unit

**Semester : IV****Core Courses**

- Pathology and Case Presentation- III
- Dissertation
- Teaching Methodology -IV
- On Job Training

**Electives :Cardiac Care**

- Peripheral Catheterization
- Recent Advances in Cardiology
- Intensive Cardiac Care Unit (ICCU) and Cardiopulmonary Resuscitation (CPR)
- Quality Assurance, Standardization and Accreditation (Cardiac Care)

### Electives :Respiratory Therapy

- Neonatal and Pediatric Respiratory Care
- Critical Care Medicine-III
- Emergency Medical Services-II

### Electives :Clinical Laboratory

- Immunology
- Cytology
- Histopathology
- Newer Diagnostic Techniques
- Quality Assurance, Standardization and Accreditation (Clinical Laboratory)

### Electives :Operation Theatre & Anesthesia Technology

- Procedures in Orthopedic and Trauma Care
- Critical Care Services
- Transfusion and IV Therapy
- Recovery Room and Day Care
- Quality Assurance, Standardization and Accreditation (OT and Anesthesia)

### Electives :Dialysis & Renal Technology

- Theory and Principles of other Renal Procedures
- Recent Advances in Renal Technology

### Electives :Imaging Sciences

- Special Investigations and Techniques
- Calibration and Quality Control in Computerized Tomography (CT) & Magnetic Resonance Imaging (MRI)
- Picture Archiving and Communications System (PACS) and Radiology Information System (RIS) & Tele radiology
- Advances in Medical Imaging
- Quality Assurance, Standardization and Accreditation (Imaging Sciences)

## Master of Public Health

### Semester I

- Foundation: Medical Terminology, Human Biology, Microbiology & Parasitology, Basic Biochemistry
- Introduction

**Orientation and Pedagogy :**

At SSSS we help our students learn how to learn and to think critically about both content and process. For teaching and learning to be relevant and effective, we focus on learning instead of teaching, on the process of learning rather than its product. Further, we include relevant industry experience, and involve participation in the practices of the community of sport management.

Industry immersed faculty expose students to contemporary issues in sport management and allows them to debate and critically examine existing practices within the sports industry. The methods include case studies, simulation exercises, class room presentations, Group discussions, Seminars and experiential learning for developing real-world skills such as critical thinking and analysis.

The curriculum is progressive and continuously evolving, and provides the structure for the provision of quality learning. Comprises high quality, relevant and appropriate ‘content’ and contributes to the development of competence.

**Dr. Ruchi Jaggi**  
Director

#### **Director Profile:**

Dr. Ruchi Kher Jaggi completed her post-graduation in Mass Communication from Punjab University Chandigarh. She qualified UGC-NET in the year 2004 and has completed her PhD at the Department of Communication Studies, Savitribai Phule Pune University. Dr. Jaggi has been teaching undergraduate and postgraduate courses for over 14 years now. Her areas of specialization are Culture Studies, Communication Theories and Qualitative Research Methodology. Her research interests include media representations, popular culture analysis, gender studies, television studies, and emerging discourses of identity on new media. She has authored two text books, several book chapters and has published her research work extensively in national and international journals. She is a member of several international consortiums on media and communications research as well as on the editorial boards of reputed journals and conferences.

#### **Institute Profile:**

SIMC is a premier pure-play Media and Communication School nurturing and developing future leaders in the following:

**Journalistic and Creative Pursuits:** MA (Mass Communication) and

**Managing Creative Businesses:** MBA (Communication Management)

We bridge the traditional and the contemporary; with our feet on the ground and fingers on the pulse. That is why our curriculum has both research and digital tracks built into it. We have carefully built an ecosystem that allows for contrasting opinions, methods and processes to co-exist and deliver. Co-locating instruction, exploration, process and instinct, we believe, is a good mix for academic progress. We are also the country's largest Post Graduate institute in the Media and communication space. Each one of our specialization areas is either ranked I or II as per published rankings.

### **Orientation and Pedagogy:**

SIMC endeavors to create skilled and trained media professionals to suit the dynamism of the creative businesses' industry with its media communication courses. In order to garner a holistic perspective of the fast-changing trends in the market, classroom sessions are aided by live case studies and opportunities to work on industry projects. The students are encouraged to develop a research mindset under the guidance of experts who elaborate on research and its advancements in specialized domains. Appreciating the vast reach of the virtual platform, the institute has integrated digital courses across all four specializations of the MBA(CM) course namely Brand Communication, Public Relations, Media Management and Marketing & Media Analytics. Similarly the courses under the MA(Mass Communication) programme are designed with a focus towards technological and structural developments in the industry. Thus SIMC's pedagogy is fourfold: theory, case studies, research and practical applications.

At SIMC, we ensure that the learning is not limited to the classroom and to live up to the promise, we arrange for visiting faculty and industry expert symposiums. One of the unique features of the pedagogy is, connect of the curriculum with the industry where a large percentage of the sessions in a course are taught and the courses are validated externally, which also involves activities that require students to move beyond their comfort zones.

Constant innovation and blended learning are our mantra which is fueled by the feedback, conducted at regular intervals, for faculty and students.

SIMC, thus believes in engaged pedagogy that welcomes the students to contribute with their point of views in front of the class. This process, not only brings to focus the various perspectives of several mindsets, but also makes learning an informative as well as a transformative experience.

The assessment too, following the Bloom's taxonomy, is done in a way that makes sure that the students get to understand their strong and weak points, so as to assure an improvement in their performance in the days to come.

All in all, with an experienced faculty pool and prominent media personalities as guest lecturers, the delivery of the media communication courses are crisp and well defined that provides foundational and experiential knowledge of the media industry.

**Dr. Vinay Rale**  
Director

### Director Profile:

Dr. Vinay Rale M.Sc. Ph.D., FIIM. (Microbiology, University of Poona, Pune). First Post Doctoral (Institute for Microbiology, Georg August University, Goettingen, Germany; UGC-DAAD Fellow) under renowned microbiologists- Prof Dr.G.Gottschalk and Prof Dr.H.Schlegel.

Starting with initial work on Single Cell Proteins(SCPs),Yeast Diversity and Systematics(Doctoral) Dr. Rale shifted to anaerobic” world” during his first PDF at Goettingen working on the intricacies of acetone butanol fermentation using whey as a feedstock. This research first time reported co-fermentation of lactic acid in whey to account for favorable solvents ratio skewed towards exclusively butanol. His 1986 publication is cited practically in all relevant publications as of today. Upon his return to Abasaheb Garware College, Pune, he was invited by University of Pune (Now Savitribai Phule Pune University, SPPU) to an initial assignment as Reader and eventually as Professor and Head of Microbiology. In a short time span of 10 years his humongous contributions elevated the Department from an incipient stage to a world-renowned status. Dr. Rale focused on applied microbiology per se - development of several industrial processes that included pullulan produced by *Aureobasidium pullulans*. Dr. Rale subsequently enjoyed several major and minor postdoctoral and consultancy stints in Germany and United Kingdom in diverse fields including indigenization of biotechnologies in the Indian scenario (e.g. lactic and citric acid) and had the opportunity of working for some time in the largest lactic acid production facility in the world in UK.

Subsequently, Dr. Vinay Rale started his own enterprises in the core Microbiology (Consultancy, production of Microbial Biomass, Technology Development and Knowledge Transfer,etc) and Food Sciences (Fruit Yoghurts, Spreads, Fruit Preserves, etc. first-time import substitutes in India) arenas which achieved prominence and recognition in the retail and hospitality worlds of Pune and Mumbai. He continues to operate his two enterprises and is also now on the board of directors of a company engaged in dairy, foods and beverages initiated by NRIs in Gujarat.

Continuing his interests in the ‘practicing ‘ world Dr. Rale reentered into research and academics in 2008 with stints at Deccan Education Society, Pune, as Research Director with multiple responsibilities and later shifted to Vidya Pratishthan’s School of Biotechnology, Baramati, before joining SSBS. Dr. Rale delivered ably in both these organizations.

With versatile and rich experience spanning over 45 years - in teaching, research, administration, consultancy, marketing and techno-entrepreneurship and an excellent interface with premier teaching and research institutes and diverse industries in India and abroad, Dr. Vinay Rale is back in a new challenging role as Director of Symbiosis School of Biological Sciences (SSBS) (Formerly School of Biomedical Sciences) since November 2014.

### Institute Profile:

Symbiosis School of Biological Sciences (previously Symbiosis School of Biomedical Sciences) is the only institute teaching and undertaking research in the field of Biological Sciences in Symbiosis International (Deemed University). The School offers Master’s programs in Biotechnology and Nutrition & Dietetics and Ph.D. in Health and Biological Sciences. Currently the School has 22 full-time in-house JRFs with fellowships from Symbiosis International

(Deemed University), University Grants Commission (UGC), Department of Biotechnology (DBT), Department of Science & Technology (DST Inspire) and a Postdoctoral supported by Board of Research in Nuclear Sciences (BRNS, Department of Atomic Energy) and 15 part-time registrants employed at prominent industries and institutions. The faculty (total 15 plus two DST Woman Scientists, two RAs and one each Teaching Assistant and Research Assistant) at the School comes with enviable international experience with high quality publications (details on SSBS site).

The School has received funding from industry and government funding agencies (DBT, DST, BRNS, Erasmus). We have ongoing research collaboration with University College of London (UCL) and have active collaborations with University of Adelaide, Australia and North Dakota State University, USA. As an offshoot of its forte' in stem cell research the University has established Symbiosis Centre for Stem Cell Research (SCSCR) at the School duly supported by acclaimed scientists and a dedicated research team (details on SSBS site). SSBS is in the process of establishing research teams and facilities in the areas of Bioprocess Engineering, Food Sciences & Technology. The Nutrition & Dietetics teaching and research is also on an expansion mode in horizontal and vertical directions and will offer three specializations including one on Nutrigenomics. The School plans to commence Master's courses in Microbiology and Biochemistry and Bioinformatics in near future.

### **Program Profile:**

#### **Name of the programme: Master's (M.Sc.) in following two disciplines:**

- Biotechnology
- Nutrition and Dietetics

**Duration:** 2 years, full time.

#### **Intake:**

- M.Sc. (Biotechnology) – 30 students
- M.Sc. (Nutrition and Dietetics) – 45 students

#### **Admission Process:**

**Step 1:** Submission of scanned copies of all mark sheets and passing certificates (10th, 12th and undergraduates semester/year wise). Identity proof, permanent address proof of the candidates online on <https://www.edu.in/Msc-in-Biotechnology-&-Nutrition-Dietetics/admission/>

**Step 2:** Screening for Eligibility \* Candidates should be graduates in Life Sciences from any statutory university with a minimum of 50% marks (45% for SC/ST) at graduation level. Candidates appearing for final year examinations can also apply, but their admissions will be subject to obtaining a minimum of 50% marks (45% for SC/ST) at qualifying examination.

**Step 3:** Personal interaction with shortlisted candidates.

**Step 4:** Declaration of the merit list on [www.ssbs.edu.in](http://www.ssbs.edu.in)

**Eligibility:** Please check the institute website ([www.Ssbs.edu.in](http://www.Ssbs.edu.in))

**IMPORTANT:** It is the responsibility of the candidates to ascertain whether they possess the requisite qualifications for admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility for admission will be decided by Symbiosis International (Deemed University).

**Reservation of Seats:** As per University norms.

### Orientation and Pedagogy:

A week long induction program is organized for the new batch of students wherein guest speakers are invited to share their expertise, knowledge and experience in their respective fields. Students are exposed to emerging trends and career opportunities available in biotechnology and in nutrition and dietetics. A series of informative lectures are also organized for the students by University faculties which include orientation to student welfare policies, wellness and recreation facilities as well as health care services. This induction program also includes various lectures on personality enhancement and soft skills training. Students are given a bird's eye view of their course curricula. Expert renowned scientists from academia and industry are drawn in to interact with the students.

At SSBS pedagogy involves a combination of lectures, assignments, case studies, presentations with special emphasis on wet laboratory participation and hands on training. The School laboratories are state-of-the-art with the best of equipment. Industry and field visits too are blended in to give real-life exposures. Additionally classroom sessions are planned on current scientific topics or path breaking research to encourage open ended discussions. Students have to undertake research projects mandatorily as a part of the curriculum. This happens either in-house or in research institutions or industries in and around and nationwide - some of which are stipend-supported. Students are encouraged to publish outcomes of their dissertations in good journals. This imparts several benefits to them. Throughout their tenure students have opportunities to mingle with doctoral students and constant stream of scientists and academicians. Naturally, this exposure accrues wholesome effects on their personalities and future plans.

### **Dr. Jyoti Chandiramani**

Director, Symbiosis School of Economics  
Dean, Faculty of Humanities and Social Sciences – SIU

#### **Direct Profile:**

Prof Jyoti Chandiramani has over 30 years of experience in Teaching, Institution Building, Administration, and Research. Presently, she teaches – International Trade Policy, International Organization and Regional Cooperation and Urban Economic Development at the Masters level.

Prof Jyoti has conducted more than 50 Management Development Programs for corporates. She has been a founder core member of the Symbiosis Centre for Liberal Arts. In 2007, she was awarded a short-term scholarship at the University of DePauw, Indianapolis – to study Liberal Arts Education. In 2013, she was a part of the Indian delegation to Pakistan for the Tenth South Asian Economic Students Meet (SAESM) at Lahore University of Management Sciences, and in 2015, she has been conferred with the iCongo instituted Gold Karmaveer Chakra and Rex Karmaveer Global Fellowship in Delhi, for her contributions to the field of education. Later in 2016, she was invited to the 5th ASEM Rectors' Conference and as a Mentor for the Students' Forum (ARC5, organized by Charles University in Prague and the Asia-Europe Foundation (ASEF) at Prague.

Prof. Jyoti Chandiramani research interest lies in the urban economic development and international economic cooperation. She has steered and focused the activities at the Symbiosis School of Economics in this direction. To this effect, a course on Urban Economic Development has been introduced in the Masters Programme since 2014 (Specialization: Development Studies). Besides writing a couple of textbooks, she has jointly edited a book with Ramanath Jha on 'Perspectives in Urban Development: Issues in Infrastructure, Planning, and Governance.' Her areas of research interest in urban include Urban Infrastructure, Urban Transport, Urban Poverty and is presently working on Pune centric cases. Besides, she keenly studies and follows trends in International Development Cooperation.

#### **Institute Profile:**

Established in 2008, Symbiosis School of Economics has completed ten years and over the decade, the school has shaped its course following the ARPIE model (Academics – Research – Placements – Internationalization and Enhanced Engagements)

**Academics:** The growing institution has demonstrated a discernible record of success, offering two programmes:

M.Sc. Economics with specializations in International Trade, Development Studies and Urban Development. SSE has two very active centres to cater to specific needs of the students and faculty. The Centre for Quantitative Learning and Applications (CQLA) facilitates advanced level data analysis and statistical software training (SAS, SPSS, STATA, R, and other statistical and econometric software) for the students. The Centre for Academic Writing (CAW) supports students in the academic writing of essays, papers and reports of various types. CAW also publishes an annual journal – *Oeconomica Scriptis* – a compilation of outstanding academic writings of the students.

**Research:** The school prepares its student community with strong research methods (both quantitative and qualitative), software applications, along with a final semester dissertation, which is mandatory both at the Undergraduate and Masters programme. With more than 60 publications the school has actively engaged on varied research projects with NABARD, Chest Research Foundation, INHAF - working closely on rural, urban, trade and development issues.

**Placements:** Our 1000 + alumni, have been accepted to pursue academics at the leading institutions in India - like Indira Gandhi Institute for Development and Research, Gokhale Institute of Politics and Economics, Delhi School of Economics, Jawaharlal National University, Madras School of Economics, Indian Institute of Technology - (M), Centre for Development Studies – Trivandrum, Indian Institute of Management – Ahmedabad, Bangalore, Indore, Tata Institute of Social Sciences – Mumbai and across reputed International Universities - be it Johns Hopkins University, Columbia University, Boston University, University of Rochester, National University Singapore, London School of Economics, Warwick University, St Andrew's to name a few.

The course rigour equips our students with employable skills in economic data analysis, analytics, market research, economic research and business intelligence, which has helped our students to be recruited by well-established and renowned organizations like: Deloitte, Ernest and Young, ZS Associates, CMIE, RIS, IIHS, CRISIL, ICICI Bank, Indusind Bank, Vodafone, Markets and Markets, Public Affairs Centre (PACS) and Research and Development Initiatives (RDI), and many more.

It is evident that through its interdisciplinary flavours, the curricula prepares our students for careers in banks, financial institutions, Data Analytics, media and communication, government, academia, etc. Despite the demanding environment, there is ample scope for creativity, originality and student Initiatives. It is a journey of academic pursuits, which will be ever evolving including different perspectives from varied stakeholders, making the learning increasingly relevant and meaningful.

**Internationalization:** Symbiosis International (Deemed University) having more than 60 MOUs with leading international universities, this has helped SSE facilitate strong linkages with respect to students and faculty exchange, working towards collaborative research and benchmarking our courses and programmes to international requirements.

**Enhanced Engagements:** we are closely associated with Niti Aayog, and leading think tanks like Research and Information Systems (RIS), ICRIER, UNDP, INHAF, Shyam Chi Aai Foundation, Sofosh, CII, Cogencis, IDOBRO, TIES, Yunus Centre, Piramal Foundation and many more.

Given the above framework, this very niche institute seeks to develop intellectual discipline, critical and analytical bents of mind and a skill-set that makes our students prepared for academia and industry, alike. We at SSE, achieve these goals in an educational environment committed to excellence and academic freedom. SSE seeks to nurture and develop the intellectual and professional competencies for successful life, work and leadership for its students. While the programmes are rigorous and the pedagogies are designed to make the student learn experientially, as well as through traditional techniques, the curricular and co-curricular inputs connect the students with every aspect of life through micro, macro and the global backdrops and constructs. It is our endeavor to create a class of students who will be capable of including innovations and pragmatism into problem-solving.

## Programme Profile

### About the programme:

- The M.Sc. Economics programme is interdisciplinary. The programme seeks to develop intellectual discipline, critical and analytical thinking with a view to groom passionate individuals capable of taking up responsibility. We have a highly rigorous and relevant curriculum, catering to the dynamic nature of global markets. We, at SSE, strive hard to create an enabling framework to facilitate the smooth translation of skills to jobs.
- We select the best students from the applicant pool and provide them with a platform where their skills are put to test. To safeguard the efficacy of the program, SSE has a highly comprehensive screening process. This induction criterion serves as a filter to enroll the best candidates across different disciplines with proven excellence not just in academia but also in extracurricular activities. We have an eclectic mix of student backgrounds ranging from economics, commerce, mathematics, statistics, management, and marketing. This diversified student base brings to the table a broad set of ideas, innovations and a broad framework of dynamic iterations. This talented student community, together with the knowledge ethic imbibed at SSE ensures that students are prepared to take on roles as managers, economists, statisticians, analysts and entrepreneurs.
- SSE adopts innovative and proactive methods of pedagogy with emphasis on holistic developments of individuals. The coursework has been designed to acclimatize students to the rigors of a highly competitive workplace. Inherent with the coursework is a system of Continuous Evaluation (CE) that provides critical evaluation of a candidate's performance from time to time. The curricula places a lot of importance on intensive application based research and analysis. Further, to strengthen the skill set, the students undergo workshops where they are trained to handle and implement data packages and software like SPSS, STATA and R.

- As part of the course, all students are required to complete a two-month Industry Internship. The objective of the internship is to give students the opportunity to experience real world applications of theories they have studied. At the end of the two years, students are well prepared to face the challenges of academia, research, business and industry requirements.

**Duration:** 2 years, full time

**Intake:** 60 students.

**Admission Process:** Through Personal Interaction and Written Aptitude Test (PI-WAT)

**Eligibility:** Please check the institute website

**IMPORTANT:** It is the responsibility of the candidates to ascertain whether they possess the requisite qualifications for admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility for admission will be decided by Symbiosis International (Deemed University).

**Reservation of Seats:** As per University norms.

**Ms. Shivali Lawale**  
Director

#### **Director Profile:**

Prior to joining the Symbiosis School of International Studies, Ms. Shivali Lawale, worked for over more than a decade at the United Nations Educational, Scientific Cultural Organisation (UNESCO) Headquarters in Paris, France. She has worked in the capacity of Programme Specialist on two of the UN's priority programmes in education and international development –Education for All and Education for Sustainable Development. These programmes covered a variety of contemporary issues like peace and conflict, human rights, climate change and gender issues, among others. She has also taught the post-graduate programme in French studies at the University of Pune. Ms. Lawale has an M.Phil in International Cooperation in Education and Training from the Sorbonne University and an M.A. in International Relations from the prestigious Sciences Po, Paris. She also has an M.A. and M.Phil in French studies from Pondicherry University. She has authored articles on education and sustainable development that have been published in international journals and publications and has presented papers at prestigious international conferences like the biennial International Conference on Education and Development, UK, and the Human Development and Capability Association (HDCA) annual conferences. She is also member of the HDCA, an association that was established in 2004 by Prof. Amartya Sen and Prof. Martha Nussbaum. Areas of Interest: Indo-French relations, Indo-EU relations; development cooperation; educational cooperation and issues related to Sustainable Development.

#### **Institute Profile:**

The M.A. (International Studies) programme offered by SSIS seeks to equip students with knowledge and skills pertinent to address the 21st century global challenges. While engaging with topics on peace, conflict, justice, rights, development, global commons, environment, cooperation, governance, diplomacy and so on, the emphasis is on developing critical thinking to come up with tangible alternatives to address the unresolved issues. The holistic nature of courses offered under the M.A. (International Studies) programme provides students with the lens to critically examine analyze and understand contemporary issues based on a multi-disciplinary approach. The specialization offered under the course on Area Studies fosters scholarship of the region informed by a deeper understanding of an interconnected and interdependent world. The choice of regions offered includes –Europe and North America and Asia. The students are also offered a choice of foreign language as part of Area Studies course (e.g. French/ Spanish/ Chinese/ Arabic). For the choice of both the region and the foreign language to take off, there has to be a minimum enrolment ratio of students. The curriculum includes mandatory internship that prepares students for careers with CSOs, NGOs, international organizations, think tanks, civil services, media, academia, consultancies and financial institutions. Our faculty members are a good blend of prominent academicians, active researchers and practitioners, attesting to the belief that the best pedagogy comes from a mix of theory and praxis. The students benefit from the contributions of different types of practitioners of international relations, whether they are from diplomacy, the corporates, the think-tanks or international organizations. The diverse background of both the faculty and the postgraduate students makes for a cosmopolitan and enriching environment.

## Programme Profile

SSIS offers a Post Graduate Degree Program in M.A. (International Studies).

**Duration:** 2 years, full time

**Intake:** 30 students

**IMPORTANT:** It is the responsibility of the candidates to ascertain whether they possess the requisite qualifications for admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility for admission will be decided by Symbiosis International (Deemed University).

**Reservation of Seats:** As per University norms.

**Admission Process:** SSIS uses application deadlines and applicants need to ensure that their application and all supporting documents (if required), as per the deadline date and time for the application to be considered. If the applicants have submitted a complete application in time for the deadline, comprising all required supporting materials (if required) and payment of the registration fee, the School will assess their applications and notify them of the outcome of this assessment.

Shortlisted candidates will be required to appear for an entrance test – Personal Interaction and Writing Ability Test (PI-WAT). After successful online registration and payment of fee, subject to fulfilment of admission criteria, shortlisted candidates would be notified of the call for PI - WAT via e-mail. They would need to select the preferred slot as mentioned in the communication and follow the instructions provided in the call letter. All admissions are subject to fulfilment of eligibility criteria.

Orientation 2018- From L- R prof. Shrikant Paranjpe, Ms. Shivani Lawale, Mr. Talmiz Ahmed and Mr. Prakash Shah

Our faculty members are a good blend of prominent academicians, active researchers and practitioners, attesting to the belief that the best pedagogy comes from a mix of theory and praxis. The students benefit from the contributions of different types of practitioners of international relations, whether they are from diplomacy, the corporates, the think-tanks or international organisations. The diverse background of both the faculty and the postgraduate students makes for a cosmopolitan and enriching environment.

Faculty is encouraged to employ a number of methods of instruction. Consistent with the University's quality assurance and enhancement practices, each method is designed to ensure that the students derive maximum benefit from the lectures and seminars, and that they use the self - study time to its full advantage. Given the diversity of the subject, the programme is taught through a mixed pedagogical approach, combining exposure to both IR theory and praxis. Emphasis is laid on hands-on training in the workings of contemporary diplomacy and international negotiations through simulations, case studies and audio visuals. The courses are designed to nurture critical analysis skills (written and oral), soft skills, intercultural skills and e- competencies in the students to enable them to play professional, constructive or leadership roles at the national, regional and international level. The pedagogy is by lecture/seminar format, small group work, and simulations as appropriate.

Director

### **Direct Profile:**

An advocate and practitioner of Emotional intelligence in workplaces, Dr Ketan Kotecha is at the helm of the Symbiosis Institute of Technology, Symbiosis International (Deemed University). He is also the Dean of Faculty of Engineering at the University. An exceptional academic leader, he has a firm grip on the steering of the Institution towards desired vision and mission. His 23 years of extraordinary career saw him serving in the finest of the engineering colleges in various higher technical education leadership positions.

Dr Kotecha was founding Provost of Gujarat's largest private university- Parul University. He was Director – Academic Development and Research Cell, Nirma University, Ahmedabad, where he also served as the Dean and Director of the Institute of Technology, Nirma University.

He was Governing Council Member of the USA based Global Engineering Dean's Council – India Chapter and is also a member of National Advisory Council for Confederation of Indian Industry's (CII) Engineering and Management Curriculum Restructuring Task Force. He is the member of Governing Council of various universities and member of Academic Council at few Universities. He was a Member of the Technical Advisory Committee of BRTS, Ahmedabad and is also a member of Metro-Link Express for Gandhinagar.

Dr Kotecha is also an independent director of Gujarat Informatics nominated by Government of Gujarat.

Dr Kotecha has a doctorate from IIT Bombay and a very illustrious and path-breaking research activities under his belt. A researcher- teacher of Deep learning, his interest areas are Artificial Intelligence, Computer Algorithms, Machine Learning, Deep Learning Higher Order Thinking Skills, Critical Thinking and Ethics & Values. He has more than 100 papers published /presented at international conferences around the world, to his credit and 3 patents filed. He is a Guide to doctoral students working on the various field of Computer Engineering and especially in Machine Learning for PhD/MTech Degrees.

A recipient of Erasmus + faculty mobility grant from European Union, Dr Kotecha was invited by Wroclaw University of Science and Technology and Poznan University of technology, Poland for delivering sessions on Machine learning. Earlier he was visiting expert to University of Pretoria, S. Africa. He was also invited and visited in various countries like USA, Canada, Singapore, Hong Kong, S. Africa, Poland, Germany, Cz Republic, Switzerland and Argentina.

Dr Kotecha is a pioneer in Education Technology, and believes in drastic and needed curriculum reforms and innovative teaching-learning practices as call of the hour. A voracious reader, he is passionate about travelling and indulging in good food.

### **Introduction of the Institute**

Symbiosis Institute of Technology, being the flagship institute of the prestigious Symbiosis International University has set high standards for itself. The Institute endeavors to provide quality education in line with the requirements of today's competitive industry and rapid developments in technology. The Institute provides an environment conducive for harnessing the potential of faculty and students through systematic and effective learning, both within and outside the classrooms. The roadmap developed for the Institute envisions it to acquire the status of a prestigious Institute of Technology at National level.

Among the initiatives taken to make SIT one of the most sought after institutes of technical education in the country are: recruitment of highly qualified and experienced faculty and their continual professional growth through attending conferences and publications of research papers; regular revision of curriculum in line with fast changing need of industry; employing innovative methods of teaching and providing ample opportunities for learning outside the classroom through projects, technical fests and cultural programs.

## Programme Profile

### Name of the Programme(s)

Master of Technology (M.Tech)with specializations in the following disciplines

- i) Computer Aided Design & Manufacture(CAD&M)
- ii) Computer Science & Engineering(CSE)
- iii) Electronics & Telecommunication Engineering (E&TC)
- iv) Geoinformatics & Surveying Technology (G&ST)

### Objective of the Programme(s)

Master of Technology Programme (M. Tech)

- i) To generate competent manpower in the emerging areas of CAD&M, CSEand E&TC
- ii) To impart skills related to analysis, design, synthesis, research and reflection
- iii) To inculcate in the students an aptitude for lifelong learning

### 1. M.Tech (Computer Aided Design and Manufacture)

- **Duration:** 2 years, full time.
- **Intake:** 18 students

- **Eligibility:**

Candidate should be an Engineering graduate (B.E. /B.Tech) from any statutory university with minimum of 50% marks (45% for SC/ST) in the discipline of Mechanical, Production, Industrial, Automobile, Aeronautical or Metallurgical Engineering.

Candidates appearing for final year examinations can also apply, but their admission will be subject to obtaining a minimum of 50%marks (45% for SC/ST) at qualifying examination

### 2. M.Tech (Computer Science and Engineering)

- **Duration:** Two years
- **Intake:** 24
- **Eligibility:**

Candidate should be an Engineering graduate (B.E. /B.Tech) from any statutory university with minimum of 50% marks (45% for SC/ST) in the discipline of Computer Science& Engineering or Information Technology.

Candidates appearing for final year examinations can also apply, but their admission will be subject to obtaining a minimum of 50%marks (45% for SC/ST) at qualifying examination.

*Two International Students Sonam Deki and Begna Mulugeta of SIT as a Part of the SIU Winning Team at the 1st INNOMPIC GAMES, At The College Of Engineering Pune Campus*

*SIT Women Volleyball Team with Runners-Up Trophy in the Inter Institute Volleyball Tournament Organized By USB*

*The Student Formula Team representing SIT at the National Engineering Design Events of Maruti Suzuki Supra SAEINDIA and Formula Bharat*

*Students and faculty judges at a debate competition organized by Literary Society (SIT) on to mark the 75th year of Quit India Movement and 70th year of India's Independence*

### 3. M.Tech (Electronics and Tele-Communication Engineering)

- **Duration:** Two years
- **Intake:** 18
- **Eligibility:**

Candidate should be an Engineering graduate (B.E. /B.Tech) from any statutory university with minimum of 50% marks (45% for SC/ST) in the discipline of Electrical, Electronics (Communication Engineering), Electronics and Tele-communication, or Instrumentation.

Candidates appearing for final year examinations can also apply, but their admission will be subject to obtaining a minimum of 50% marks (45% for SC/ST) at qualifying examination.

### 4. M.Tech (Geoinformatics and Surveying Technology)

- **Duration:** Two years
- **Intake:** 18
- **Eligibility:**

Candidate should be an Engineering Graduate (BE/B.Tech), M.Sc. Geoinformatics, M.Sc. Physics, M.Sc. Geology, M.Sc. Environmental Science, M.Sc. Mathematics, M.Sc. Agriculture or equivalent from any statutory university with a minimum of 50% marks (45% for SC/ST).

Candidates appearing for final year examinations can also apply, but their admission will be subject to obtaining a minimum of 50% marks (45% for SC/ST) at qualifying examination.

## Orientation and Pedagogy

### a. Method of Instruction

M.Tech programmes have been designed to transform the students into competent professionals. The Institute employs a very effective and interactive teaching-learning process using most recent teaching aids including multimedia. The curriculum has been developed considering the present and future needs of industry and higher education. Teachers prepare detailed presentations, lab manuals and course files to ensure the effectiveness of teaching-learning process. A salient feature of the curriculum is an Internship semester, totally devoted to carrying out projects in the industry. Students of all post graduate programmes spend an entire semester in industry, other organizations, renowned institutions and universities, both in India and abroad, as part of their curriculum. They are encouraged to undertake projects in various areas of the industry to augment their theoretical learning. The emphasis during the Internship is on exposing the students to real life problems in their chosen field of work and their solutions, using a systematic and logical approach employing latest tools, techniques and technologies.

The Institute is making a conscious effort to shift from the traditional classroom teaching learning process to a problem based, project-based and scenario based teaching learning process. Students are given projects or problem statements right in the beginning of the semester and they undertake these projects either in groups or individually, depending on the nature of the project, and are guided by the subject teacher. Large inter-disciplinary projects are also given and encouraged. For M. Tech courses, emphasis is given on the practical know-how and application of the subject matter and special emphasis is given on problem solving and self-learning.

### b. Learning Beyond Classrooms

Students participate in technical fests, present papers in conferences and also undertake projects in Industry during internship to augment their classroom learning with learning outside the classrooms.

### c. Industry Interface

It is necessary to give students an insight into the practical aspects of theory taught in the institute. The institute, right from its inception, has ensured industrial participation in curriculum development, guest lectures by experts from Industry, student trainings and internships. In addition to these, several industrial visits are also arranged for students in order to give them an exposure on the practical solutions and industrial environment.

### d. Research and Development

SIU started Ph.D. programme in Engineering from the academic year 2010-2011. Presently 90 research scholars are pursuing their research from Faculty of Engineering. Research equipment and facilities have been established at SIT to carry out high quality basic and applied research. Faculty members send proposals to funding agencies for sponsored R&D projects in emerging areas of research. They also have a large number of publications in refereed journals and are actively engaged in publications. M.Tech students also get an opportunity to work on some sub-areas of larger research problems as their M.Tech projects and thesis. The Institute regularly augments necessary equipment and facilities in the identified research areas.

*Inauguration of second International Conference on Data Engineering and Communication Technology (ICDECT 2017)*

*A participant at the Singing Competition organized at SIT to celebrate the 'Matribhasha Divas' (Mother Tongue Day)*

- Few seats are reserved as Discretionary Quota Seats. Only students with high academic record and with good entrance test scores are considered for Discretionary Quota Seats. The fees for Discretionary Quota seats will be double the academic fees of open category as approved by the Fee Structure Committee, to be paid to the institute by way of wire transfer/demand draft. No donation or capitation fee is charged for admission to any program at any institute of SIU.

## Programme Structure:

### Master of Technology (Electronics and Tele-Communication Engineering) [M.Tech. (E&TCE)]

#### Semester : I

##### Core Courses

- Mechatronics
- Mechatronics Lab
- Advanced Digital Signal Processing
- Advanced Digital Signal Processing Lab
- Green Electronics
- Cyber Security
- Seminar
- Communication Skill Lab

#### Semester : II

##### Core Courses

- Digital Image Processing

- Digital Image Processing Lab
- Research Methodology in Engineering
- Flexi-Credit Course
- Electronics for Smart Cities
- Seminar
- Technical writing Lab
- Integrated Disaster Management Programme

##### Electives

- Mobile Robotics
- IOT and Applications
- Mobile ad hoc Networks
- CAD for VLSI Design
- Mobile Robotics Lab

- IOT and Applications Lab
- Mobile ad hoc Networks Lab
- CAD for VLSI Design Lab
- System on Chip Architecture
- Low Power VLSI Design
- High Speed Communication Networks
- Deep Learning

#### Semester : III

##### Core Courses

- Flexi-Credit Course
- Dissertation Phase 1

#### Semester : IV

##### Core Courses

- Dissertation Phase 2

### Master of Technology (Computer Science and Engineering)[M.Tech. (CS & E)]

#### Semester : I

##### Core Courses

- Applied Algorithms
- Software Testing and Quality Assurance
- Network Computing
- Applied Algorithms Lab
- Software Testing and Quality Assurance Lab
- Network Computing Lab
- Cyber Security
- Communication Skill Lab
- Seminar II
- Skill Development Lab

##### Electives

- Machine Learning
- Natural Language Processing
- Big Data

- Machine Learning Lab
- Natural Language Processing Lab
- Big Data Lab

#### Semester : II

##### Core Courses

- Statistical Programming
- Advanced Databases
- Research Methodology in engineering
- Internet of Things
- Intelligent Systems
- Internet Of Things Lab
- Intelligent Systems Lab
- Advanced Databases Lab
- Flexi-Credit Course
- Seminar II
- Technical writing Lab
- Integrated Disaster Management Programme

##### Electives

- Neural Network
- Distributed Systems and Cloud Computing
- Big Data Analytics
- Neural Networks Lab
- Distributed Systems and Cloud Computing Lab
- Big Data Analytics Lab

#### Semester : III

##### Core Courses

- Dissertation Phase 1
- Flexi-Credit Course

#### Semester: IV

##### Core Courses

- Dissertation Phase 2

### Master of Technology (Computer Aided Design & Manufacture)[M.Tech. (CAD&M)]

#### Semester : I

##### Core Courses

- Computer Aided Design
- Computer Aided Design Lab
- Computer Aided Production, Planning & Control
- Computational Methods and Optimization

- Computational Methods and Optimization Lab
- Cyber Security
- Seminar
- Communication Skills Lab

##### Electives

- Advanced Stress Analysis

- Systems Modelling and Control

#### Semester : II

##### Core Courses

- Computer Aided Manufacturing
- Computer Aided Manufacturing Lab
- Research Methodology

- Technical Writing Lab
- Advanced Finite Element Method
- Advanced Finite Element Method Lab
- Advanced Computational Fluid Dynamics
- Advanced Computational Fluid Dynamics Lab
- Flexi-Credit Course

- Flexi-Credit Course
- Integrated Disaster Management

#### Electives

- Advanced Industrial Automation & Robotics
- Emerging Concepts & Techniques in Manufacturing Management

#### Semester : III

##### Core Courses

- Flexi-Credit Course
- Flexi-Credit Course
- Dissertation Phase 1

#### Semester : IV

##### Core Courses

- Dissertation Phase 2

### Master of Technology (Geo-informatics and Surveying Technology)[M.Tech. (G&ST)]

#### Semester : I

##### Core Courses

- Fundamentals of Geographic Information Systems
- Fundamentals of Remote Sensing
- Surveying & Cartography
- Cyber Security
- Global Navigation Satellite System
- Programming Languages – I
- Applied Statistics
- Fundamentals of Geographic Information Systems Lab
- Fundamentals of Remote Sensing Lab
- Digital Photogrammetry
- Global Navigation Satellite System Lab
- Programming Languages-I Lab
- Digital Photogrammetry Lab

#### Semester : II

##### Core Courses

- Spatial Modeling & Analysis
- Digital Image Processing in GIS
- Advanced Databases
- Research Methodology in GIS
- Programming Language II
- Web GIS and Application Design
- Spatial Modeling & Analysis Lab
- Digital Image Processing Lab
- Flexi-Credit Course
- Programming Language II Lab
- Spatial Data Base Management
- Web GIS and Application Design Lab
- Integrated Disaster Management
- Spatial Data Base Management Lab

#### Electives

- GIS for Health Care Management
- Geospatial Application in Agriculture
- Geoinformatics applications in Facility and Utility management
- Geoinformatics Applications in Natural Resource Management
- Geoinformatics Applications in Human Settlement
- Land Surveying

#### Semester : III

##### Core Courses

- Dissertation Phase 1
- Flexi-Credit Course

#### Semester : IV

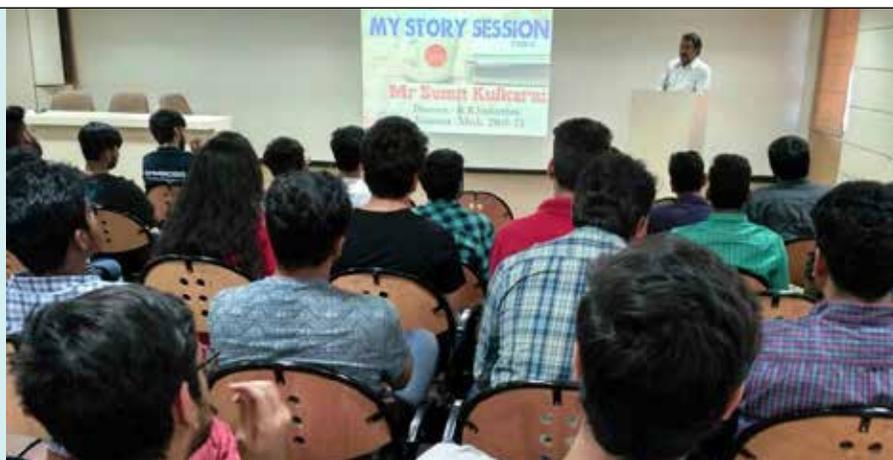

##### Core Courses

- Dissertation Phase 2

**Dr. Tarun Pratap Singh**  
Director

### **Director Profile:**

Dr. T. P. Singh has vast experience in the field of Geospatial Technology in India and abroad. He has started his career in Geospatial technology from the Indian Institute of Remote Sensing (ISRO), where he has worked on the projects of national importance.

He has earned his Ph.D. degree in the area of satellite Image Classification techniques from HNB Garhwal Central University, Srinagar and M.Phil in Geo Engineering from College of Engineering, Vishakhapatnam.

Dr. Singh has received Master Degree in remote sensing from Pierre and Marie Curie University (UPMC), Paris University VI, France and M.Sc. from University of Lucknow in Environmental Science.

He has received the European Professional Higher Post Graduate Diploma in Geoinformatics from GDTA (Institute under French Space Agency) in association with Paris University VI France, University of Lisbon, Portugal and Warsaw University of Technology Poland.

Dr. T.P. Singh has worked on LiDAR technology at the University of Freiburg , Germany on Automatic feature extraction. Before, taking academic position at Symbiosis, he has served at different government centres.

Dr. Singh received Mahaveer Prasad Dewedi Special Achievement award on the work of Geospatial Technology. Dr T.P. Singh is the member of many professional bodies like Chairman of Indian Society of Geomatics, Pune Chapter. He is an Executive member of Indian Society of Remote Sensing Pune Chapter. Member of Sentinel Asia Tsunami Group. He is in the panel of National Accreditation Assessment Committee (NAAC) 'Assessor' group for 5 years. He also edited many books in the field of Geospatial Technology, Climate Change and Natural Resource Management and published several papers in the peer reviewed journals.

### **Institute's Profile:**

SIG was launched in 2004, as an autonomous institute, with a vision to create a potential trained human resource to meet future industry and society demands of this newly developing technology and welfare of the society at large. Personalities from research, academia, and industry representatives, assisted with a vision to formulate the program.

In the past thirteen years, mile stones achieved included, recognition by the AICTE, UGC, warm hearted response of the industry for placements, 100% placements of all eligible students since inception and numerous accolades at the national and international meets. Symbiosis Institute of Geoinformatics is a constituent of Symbiosis International University since 2008.

It is noteworthy that Dr. S. B. Mujumdar launched an institute in this niche' field in 2004 with a futuristic vision, while the Government of India is planning to launch the Indian National GIS Organization to explore full potential of this new technological tool to full fill the mission like Digital India and smart city. This indicates a long term vision of the Founder Director and President of Symbiosis to explore future technology in the interest of society.

At SIG, the two years Master Programmes are well defined. It involved step-by-step introduction to curriculum, sufficient practice to give confidence to students, assignments and project for continuous evaluation of progress of the students and industry interaction to expose students to the corporate world.

Apart from achieving competency in technical field, value added and human relations based programmes alter mindset and change attitude of the individuals to achieve goals desired by the industry. These have been much appreciated by the industry.

### **Programme Profile**

#### **Name of the Programme:**

M.Sc. (Geoinformatics)

**Duration :** 2 years

**Admission Process:** Indian Students – Personal Interaction and Writing Ability Test

**For International Students:** As per procedure prescribed by SCIE

**Intake:** 60 Students

#### **Eligibility:**

M.Sc. ( Geoinformatics ) Two Years Full Time Programme.

Graduate in Engineering, IT, Science, Computer Science, Agriculture, Geography, Commerce & Management of any recognized university/institution of national importance with minimum of 50% marks or equivalent grade (45% or equivalent grade for SC / ST).

Candidates appearing for final year examinations can also apply, but their admission will be subject to obtaining a minimum of 50% marks (45% for SC/ST) in the qualifying examination.

A candidate who has completed qualifying qualification from any Foreign University must obtain an equivalence certificate from Association of Indian Universities (AIU).

**Note:** Graduates from Open Universities or students having a degree through a correspondence course are NOT eligible.

**IMPORTANT:** It is the responsibility of the candidates to ascertain whether they possess the requisite qualifications for admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility for admission will be decided by Symbiosis International (Deemed University).

**Reservation of Seats:** As per University norms.

*Students had organized cultural programmes 'Khula Manch' comprising quiz competitions.*

Field Visit by the students at Mahabaleshwar

Social Activity - Tree Plantation by the students and staff at CME, Pune

**Important Dates:**

## Programme Structure:

### Master of Science (Geoinformatics)[M.Sc. (Geoinformatics)]

#### Semester : I

##### Core Courses

- Business Communication
- Organizational Behaviour
- Principles of GIS
- Programming Language I
- Principles of Remote Sensing
- Surveying & Cartography
- Applied Statistics
- Computer Fundamental and Cyber security
- Integrated Disaster Management

#### Semester : II

##### Core Courses

- Geo Image Processing
- Photogrammetry
- R for Spatial Science

- Global Navigation Satellite System
- Principles of Database Management System
- GIS Application Development
- Essentials of Internet and Web Technologies
- Spatial Analysis
- Programming Language II

#### Semester : III

##### Core Courses

- Summer Project
- GIS Application Design
- Spatial Modeling
- GIS Project Management
- Spatial Database
- Web GIS
- Enterprise Architecture

- Quality Concepts
- Research Methodology in GIS
- Flexi-Credit Course

#### Electives

- Geoinformatics Applications in Natural Resource Management
- Facility and Utility Management
- GIS for Health Care Management
- Geospatial Application in Agriculture
- Urban Planning and Rural Development
- Disaster Scenario mapping

#### Semester : IV

##### Core Courses

- Industry Project

### Master of Science (Environment and Sustainability)[M.Sc. (Environment and Sustainability)]

#### Semester : I

##### Core Courses

- Environmental Studies
- Global Resource and Environment Scenario
- Principles of Environmental Sustainability
- Environmental Risk Assessment
- Organizational Behaviour
- Fundamentals of Geographic Information Systems
- Business Communication
- Principles of Remote Sensing
- Applied Statistic
- Logic Development and Programming Concepts

- Climate Change, Carbon Markets and Financing
- Hazardous Waste Management
- Environment Policy
- Environmental Law
- Municipal Solid Waste Management
- Environment Modelling and GIS
- Biomedical Waste Management

#### Semester : III

##### Core Courses

- Summer Project
- Research Methodology: Theory and Application

- Water and Sustainable Development
- Urban Energy and Environment
- Water Management and Water foot prints
- Project Management
- Impact and Risk in Process Industry
- Sustainable Forestry
- Standard for Ambient Air, Noise Emission and Effluent

#### Semester : IV

##### Core Courses

- Industry Project

#### Semester : II

##### Core Courses

- Environmental Economics
- Python Programming
- Environment Impact Assessment

**Prof. Sharvari Shukla**  
Director

#### **Director Profile:**

Prof. Sharvari Shukla has been shouldering the responsibility as the Director of Symbiosis Statistical institute (SSI). She has been a Statistician at research institute since 1998. She has 10+ years of experience in medical statistics and data management in healthcare and epidemiology & life sciences domain. She also has 7+ years of rich industrial experience as consultant statistician for various CROs, pharmaceutical companies and hospitals. Her interest in translating research into practice led her to undergo training in epidemiology, epigenetics and clinical trials. Besides teaching at postgraduate and doctoral programmes, she handles various national and international funded research projects. Sharvari Shukla works with a team of epidemiologists and clinical scientists investigating the fetal origins of cardiovascular disease and Type 2 diabetes. Her fields of expertise include longitudinal data analysis, modelling and simulation, clinical trials, research methodology, and population studies. She has to her credits more than 40 research papers published in journals of international and national repute. She is recipient of various fellowships including GGeoCODE, Elmar award, UK and WHO scholarship.

#### **Institute Profile :**

Statistical thinking and analysis is required in almost all areas of natural and social sciences, technology; and industrial research and development. Advent and expansion of Information Technology in almost all domains of life has increased the significance of 'Data-Science and Technology' with a need for specialized academic courses at the interface of Statistics and Informatics. The first step towards solving a problem is we need to acknowledge the problem and second step is to find a solution for the same. At Symbiosis Statistical Institute (SSI), education and training primarily focuses on key features of nurturing the curious minds towards translation and application of statistical knowledge to find solution to real-world problems.

As quality is often more important than quantity, keeping a practical-intensive approach, Masters of Science programme in Applied Statistics, offers exposure to fields including Operation Research, Biostatistics, Actuarial Statistics and Data Science. SSI will ensure that students will be exposed to high levels of learning which will arm them with adequate proficiency in the use of advanced statistical softwares. This path-breaking programme will help in preparing the next generation statistician ready for scientific decision-making, aided with advanced statistical software translating into sharp and extensive analytics, pertinent to various domains. The programme will be supported with advanced methodologies, applicable statistical software packages like SAS, R, SPSS, and STATA etc translating into sharp and extensive analytics, pertinent to various domains, aiding students and organization for scientific decision-making.

## Programme Profile:

The programme prepares students for career opportunities in varied domains such as Pharma, Insurance, Finance, Automobile, Information Technology and many other sectors that will entail market research, forecasting and predictive analysis. It will also provide opportunities for students to be gainfully employed with National and International Research Institutes, Research Laboratory, Academia, Non-Governmental Organizations, Consulting and Doctoral Studies among other opportunities.

**Duration:** 2 years, full time.

**Intake:** 30 students.

## Admission Process:

### Selection of students is based on:

- i) Academic record with minimum 50 percent (45% for SC/ST) at graduation level
- ii) Performance at the 'Writing Aptitude Test (Technical and Academic)' (WAT) and 'Personal Interaction' (PI) which will be conducted in Kolkata, Noida and Pune. WAT is a written test that will be scheduled along with a comprehensive Personal Interaction (PI).

**Writing Aptitude Test (Technical and Academic)** – Essay type written test on a general topic to comprehend the writing skills of the candidate.

**Personal Interaction** – Interaction with a panel of experts

**Eligibility:** Please check the institute website. [www.ssi.edu.in](http://www.ssi.edu.in)

**IMPORTANT:** It is the responsibility of the candidates to ascertain whether they possess the requisite qualifications for admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility for admission will be decided by Symbiosis International (Deemed University).

**Reservation of Seats:** As per University norms.

Last Date for 2nd Merit list payments	June 25, 2019
Commencement of the M.Sc. Programme	July 2, 2019

### DISCLAIMER:

These dates are tentative and are subject to change. Any changes will be reflected on institute website. [www.ssi.edu.in](http://www.ssi.edu.in)

### Orientation and Pedagogy:

**Orientation:** Bridge course is covered with all the fundamentals of statistical methods.

**Pedagogy:** Classroom lectures – consists of Theoretical Concepts, Presentations, Assignments, Logical problem solving concepts using different statistical softwares. Laboratory sessions - Practicals conducted through R, SAS, IBM-SPSS, MINITAB, MATLAB softwares.

**Suggested Assessment/ Evaluation Methods:** Written tests and evaluation based on practicals using statistical softwares.

## Fee Structure:

Programme Fees For Master of Science (Applied Statistics) (Indian Students)	Amount in ₹
Academic Fees (Per Annum) *	1,93,000
Institute Deposit (Refundable)	10,000

Programme Fees For Master of Science (Applied Statistics) (International Students)	USD equivalent to INR
Academic Fees (Per Annum) *	2,90,000
Administrative Fees (Non Refundable)	40,000
Institute Deposit (Refundable)	10,000

Hostel and Mess Fees for Indian & International Students. (Subject to change campus and accommodation type wise, e.g. Single Sharing, Twin Sharing, Triple Sharing, Four Sharing, Dormitory)	Amount in ₹ (For Indian Students)	USD equivalent to INR (For International Students)
Mess Fees (Per Annum) *	58,650	58,650
Hostel Deposit (Refundable)	15,000	15,000
Hostel Fees (Different, Subject to Sharing, Per Annum) *		
Twin Sharing	1,05,950	1,05,950
Three Sharing	76,000	76,000

Installments for Programme Fees For Master of Science (Applied Statistics) (Indian Students)	1st Year (Amount in ₹)		2nd Year (Amount in ₹)	
	1st Installment	2nd Installment	3rd Instalment	4th Instalment
Academic Fees (Per Annum)	96,500	96,500	96,500	96,500

The fees for Discretionary Quota seats will be double the academic fees of open category as approved by the Fee Structure Committee, to be paid to the institute by way of wire transfer/demand draft. No donation or capitation fee is charged for admission to any program at any institute of SIU.

## Programme Structure: Master of Science (Applied Statistics) [M.Sc. (Applied Statistics)]

### Semester : I

#### Core Courses

- Probability Distributions
- Linear Algebra
- Sampling Theory
- Mathematical Analysis
- Statistical Computing
- Integrated Disaster Management

- Computer Intensive Statistical Methods
- Statistical Learning and Data Mining

#### Electives :Data Science

- Statistical Simulation
- Optimization Techniques

#### Electives :Data Science

- Statistical Methods for Quality Control
- Statistical Methods for Bio Computing
- Big Data Analytics

### Semester : II

#### Core Courses

- Probability Theory and Applications
- Linear Models
- Statistical Inference
- Stochastic Processes
- Multivariate Statistics-1
- Internship - Part A
- Internship - Part B

#### Electives :Industrial Statistics and Operations Research

- Time Series Analysis
- Optimization Techniques

#### Electives :Industrial Statistics and Operations Research

- Stochastic Models in Finance
- Statistical Methods for Quality Control
- Statistical Methods for Reliability

#### Electives :Bio-Statistics and Data Analysis

- Demography and Vital Statistics
- Survival Analysis

#### Electives :Bio-Statistics and Data Analysis

- Big Data Analytics
- Statistical Methods in Micro-array Data Analysis
- Analysis of Clinical Trial Data
- Statistical Methods for Bio Computing

### Semester : III

#### Core Courses

- Design of Experiments
- Multivariate Statistical Analysis-2

### Semester : IV

#### Core Courses

- Statistical Machine Learning
- Industry Project In Specialization
- Scientific and Report Writing
- Seminar
