Report on

Teacher's Day

September 05, 2020

Teachers are the awakeners of the inner mind and intellect that goes on to shape the persona of each individual. Their profound contribution stretches far beyond the mere gratitude that we behold for them. On this fortunate occasion, the students of SIBM Hyderabad, extended their heartfelt gratitude and sincere regards to all the faculties and non-teaching workforce for ensuring that the best of teaching infrastructure is available to us.

Amid the pandemic, we truly appreciate how the management has been beating all the odds to ensure that we experience seamless online virtual classes.

The remote education and the physical distance did not cause any trouble as far as the learning resource availability and lecture delivery is concerned because our faculties ensured that all the aspects are taken into consideration to provide us with the best learning facilities.

This pandemic definitely did not lower the spirit of the students to express their gratitude to the Gurus. This can be seen in the post remote celebration of Teachers' Day at SIBM Hyderabad.

The students captured various moments of the new normal to make a poster that truly captures the essence of online education facilitated by the faculties in spite of all technical hindrances. The use of hashtags like # our teachers our heroes and # teachers from India on various social media platforms like LinkedIn, Twitter, Instagram and Facebook uphold the warm gratitude towards our honourable faculties.

The faculties are truly an inspiration to remind us that there is no age to learn. Their attempt to adapt to this new technology is yet another lesson for us.

As they say,

“He was Guru Dronacharya who turned Arjun, a name, into a definition”, we once again thank all for not only inculcating a hunger for knowledge and wisdom but also for being our mentor and providing us with all the strength and perseverance needed to succeed.

Through this, a significant contribution has been made to the growth and development of the institute highlighting its enthusiasm and efforts to appreciate its true assets.

The poster with all our faculties.
