Placement Procedure

Step 1

Pre Placement Talks (PPTs)

To help students find their dream jobs and companies find top talent, our university facilitates company presentations (PPTs) on campus. We provide all the necessary equipment, from projectors to video conferencing, to ensure a smooth interaction. We encourage companies to connect with our students, and welcome students to learn more about potential employers. Visit the Placement Office for upcoming PPT dates.

Step 2

Application

Companies can request student CVs in the institute's standardized format, or specify their own preferred format, in either hard copy or electronic form.

Step 3

Process

The recruiters shortlist candidates for either Group Discussion rounds or Personal Interview rounds depending on the organization's recruitment policy. This gives organizations and students an excellent opportunity to interact with each other and understand the role and profile in detail. We welcome all the recruiters to visit the campus and conduct the process in person. In view of the post-pandemic world, we at SIBM-Hyderabad, strive to keep pace with the changing environment and are gearing up to go hybrid mode of conducting the Placement Drive- we provide a platform for both an online as well as an offline set-up, with all the necessary infrastructure for our students.

Step 4

Offer and Acceptance

Once the final interview round is conducted, the company makes a final offer to the candidate. The offer should include regular details such as job role, compensation package, location and other terms and conditions required by the candidate to make further decision.

Post receiving the provisional offer letter, the student accepts the same as per CAT policy.
