Report on SPIC MACAY Heritage Club Inaugural
29th January 2018

The Spic Macay classical music event was held at Symbiosis Hyderabad on 29th of January 2018. It was organized by the Spic Macay club members from the college. There were streaks of enthusiasm in the student crowd, as it is one of the rare moments that classical music is performed in the college. The students from management and law streams gathered in the auditorium to indulge themselves in an hour of music and peace.

The event started with a game where the audience had to guess the musical instrument played in the background. Then, there was the felicitation of the guests followed by the customary lighting of the lamp, marking the beginning of the event. Then, the vocalist, Shri Bhuvanesh Komkali, along with his associates, Abhishek Shinkar and Sagar Patokar, created an evening of soothing melody which flew us back to the ages where classical music played on every corner. The subtle lighting created a beautiful ambience in the hall. The performance continued for an hour, after which the vocalist wanted to interact with the crowd. The students' interaction with the performers provided some new insights into the aesthetics of the classical art. A particular question from one of the students about pursuing art as a career gave way to a constructive discussion on the beauty of anomaly.

The evening came to an end with a vote of thanks given by the head of the Spic Macay club in Symbiosis. The audience left with an enriching experience of an evening of aesthetic and soulful music.
